* There are two reasons for the licensing of dogs: the control of rabies and identification of the owner when a dog is found at large. Licensing a dog costs only \$6 for altered dogs and \$11 for unaltered and can be done at the Town Office, or online (follow the links from www.maine.gov). A new license can be obtained at any time during the year once the dog has reached 6 months of age. Renewals can be done from October 15 through January 31, after which a \$25.00 late fee is charged. (*Certificates of neutering and rabies vaccination must be presented*). The Town asks that all dog owners comply with State law by licensing their dogs and by controlling the behavior of their dogs at all times, either by voice control or by restraint.

The Collection of Taxes

Assessments are based on the status of properties on April 1st of the tax year. Valuations can be adjusted at any time during April, or until the taxes have been committed to the Collector. Upon commitment the valuations become permanent record and can be changed only through the abatement process. Tax bills will be mailed to the owner of record as of April 1st, and if known to the Town, a copy will be mailed to any new owner. It is interesting to note that in Maine, the tax bill is not a legal requirement.

The due date and the interest rate for late payment are determined by vote of the Townspeople at the March Annual Town Meeting. In 2012, the Selectmen will recommend September 17 for the due date and 7% for the interest rate on late tax payments (7% is the maximum rate allowable in 2012, as set by the State Treasurer). Prepayment of taxes in any amount will be accepted at any time.

The Lien Process

Between eight and twelve months after the tax commitment, the Treasurer will place a lien on all real estate with unpaid taxes. The costs of the lien are paid by the Town and must be paid by the delinquent taxpayer before the lien can be discharged. If the lien remains unpaid for 18 months after being recorded, the Town becomes the owner of the property. At this point the prior owner may negotiate with the Selectmen to buy back the property, or the Town can sell the property at auction.

Homestead Exemption

You are entitled to a Homestead Exemption if:

1. You are a legal resident of Maine as of April 1st, 2012 and have owned a homestead property here for at least the last 12 months;
2. That property has been your permanent residence for the past 12 months;
3. It is the only property for which you are claiming a homestead exemption.

If you are already receiving this exemption, there is no need to reapply. If not, applications are available at the Town Office and must be filed before April 1st.

Pemaquid Watershed Association

Donna Minnis, Executive Director

Pemaquid Watershed Association (PWA) began in 1966 as the Biscay Pond Association. PWA is a member-supported non-profit organization with a mission to conserve the natural resources of the Pemaquid Peninsula through land and water stewardship and education, focusing on the 47 square miles of Pemaquid River watershed. PWA's membership continues to increase and reached 925 in 2011.

Over half (54.2% or 19.6 sq. miles) of Bristol is in the Pemaquid River watershed, including Boyd Pond and part of Biscay Pond.

PWA is pleased to report that a major conservation achievement occurred over the past year: the Maine Department of Environmental Protection has removed Duckpuddle Pond from its list of impaired waters after more than two decades of substandard water quality. This improvement in water quality is the result of a decade of strategic watershed conservation practices implemented with the leadership and help of many project partners, of which PWA was one. Because Duckpuddle Pond is at the top of the Pemaquid River watershed, its quality affects the quality of the waters downriver.

Highlights of PWA's 2011 programming include:

- 2nd season of water quality monitoring at Biscay Beach and Bristol Mills Swimming Hole.
- 9th year of water quality monitoring at Pemaquid Beach.
- Organizing an annual Coastal Cleanup to clear the Pemaquid Point shoreline of hundreds of pounds of debris.
- Providing public access to trails, open space, and shorefront in Bristol via maintenance of six nature preserves in Bristol, attracting tourists to the area and benefitting local residents
- 7th year of maintaining the Bristol Recreational Trail for the Town.
- 8th year of staffing and programming at Beachcombers' Rest Nature Center at Pemaquid Beach Park. In summer 2011, an estimated 1,700 people visited the nature center, attended a workshop, and/or experienced the weekly touch tank.
- 7th year of the Courtesy Boat Inspection program to educate boaters and minimize the risk of undesirable plants invading the Pemaquid-area ponds.
- 3rd year of coordinating the LakeSmart program for Biscay Pond and Pemaquid Pond shoreline residents, providing free technical assistance to help landowners protect pondwater quality.
- 7th year of offering a two-week summer camp in July. In 2011, 4 of the campers were residents of Bristol, and two of these youngsters received scholarship support from PWA to attend camp.

PWA looks forward to continuing to serve the citizens of Bristol and helping to protect this beautiful area. PWA thanks the Town of Bristol for its ongoing support of our mission. ✱

Bristol Fire & Rescue

Paul Leeman, Jr., Fire Chief

Bristol Fire & Rescue responded to 361 emergency calls in 2011, surpassing 2010 by 8 calls. Of the 361 emergency calls, 233 were for medical assistance; 42 motor vehicle accidents; 41 fire; 3 water rescue; 15 downed power lines; 4 mutual aids; 2 hazmat; 11 trees down; and 10 other. Of particular note were two major structure fires and a mutual aid call to Monhegan Island on February 14th to assist the Monhegan Fire Department with a structure fire. With the help of the US Coast Guard we sent nine of our firefighters and much equipment needed to fight an island fire.

The Bristol Fire & Rescue mission statement: “To provide the highest level of service to protect life, property, and the environment,” is a pledge taken by all our members to the residents of the Town of Bristol and our mutual aid towns. In an effort to maintain and surpass the high standards expected of us by the towns we serve, we have added a second training evening to our monthly schedule. To date, members have participated in 737 hours of mandatory training, plus an additional 609 hours of technical skills training. These training sessions take place evenings and weekends since most of our members hold down full time employment.

We now have a water source at the Bristol/South Bristol Transfer Station equipped with a dry hydrant. We have plans to build a training building on this site, and all current funding for this project has come from generous donations of money and contractual services provided at no cost.

We continue to invest time and money in our efforts to satisfy the Federal mandate to switch our communications over to the narrow band frequencies by the nationally set deadline of January 1, 2013. With this in mind I would like to thank 3rd Assistant Chief Neal Kimball for the countless hours that he has spent on this project. Another project that Neal has spent much time on is the Maine State mandated Driver Certification Policy which will be in place by March 1, 2012.

Through 2012 we will continue to install dry hydrants throughout the town in order to make water more accessible. We have asked the town to start building our truck reserve account since the replacement of the 1979 Bristol Tank 3 is imminent. We will be looking to replace this truck with a basic tanker equipped specifically for the use of hauling water. We feel that this one tanker along with the increased tank size of our two 2009 engines will give us an adequate water supply on wheels.

Upgrades to Station 2 (Round Pond) and Station 3 (Bristol Mills) have been accomplished with the help of prison trustees and Deputy Grover, from the Lincoln County Sheriff's Office. Both stations were given fresh paint at no charge beyond the cost of supplies. Station 2 has been equipped with a new furnace and energy efficient windows, and the completion of the metal roof project is planned for this year.

As in the past, Bristol Fire & Rescue looks forward to continuing its participation in the annual Easter egg hunt; the Round Pond 4th of July parade; Old

Bristol Days; Alvin Sproul Samoset Road Race; fire education training with the Bristol School; and Santa's arrival by helicopter at the Pemaquid Lighthouse Park. The department and many of these projects are supported by the Bristol Fire & Rescue Ladies Auxiliary. This fine group of people continues to offer their support and fund raising to benefit our department.

For the safety of our town residents as well as the members of Bristol Fire & Rescue, it is imperative to remind everyone to post your house number in a very visible location so it can be seen when approaching by road in either direction. In addition, private driveways and roads should have trees and branches cut 12 feet high and 15 feet wide to allow the safe passage of a fire engine or ambulance. And as a final reminder: batteries in all smoke alarms and CO detectors should be changed when you change your clocks in the spring and fall.

It is an honor for all members of Bristol Fire & Rescue to serve the residents of the Town of Bristol. I would like to thank the members for their many hours of dedicated service. Their participation would not be possible without the support of their families who are left at home alone at the sound of a siren for Bristol Fire & Rescue to respond. To those family members I send out a special thank you. I would also like to give a big thank you to the employers who allow members to respond during working shifts. It is through the support and compassion of these people that we are available every moment of every day throughout the year.

As I begin my third year as Fire Chief I want to thank all residents for the privilege of serving in this capacity and I will continue to do my very best. I want to thank all who continue to support this fine organization through their generous donations. I want everyone to be proud of their Bristol Fire & Rescue. *

Pemaquid Group of Artists

Sally Loughridge, President

For the last 51 years, members of the Pemaquid Group of Artists (PGA) have exhibited their original artwork at the Pemaquid Art Gallery on the grounds of Pemaquid Lighthouse Park. Established in 1929, PGA is among the oldest artist organizations in Maine. Artists are juried into the PGA from the area townships of Bristol, South Bristol, Damariscotta, Newcastle and Bremen.

During 2011 the gallery welcomed more than 10,000 gallery visitors to a diverse exhibit of artwork, including oil, pastel, and watercolor paintings, ceramics, and marquetry. As works were sold, new works constantly replaced them. The exhibition represented 27 permanent members, a 2011 seasonal guest artist and a special invited artist of regional renown. Reflecting an economy that is still in recovery mode, 2011 sales were slightly off from our 2010 numbers.

The gallery was open daily from June 12 through October 11. Our Opening Reception on June 12 was festive and crowded as we welcomed gallery Patrons and the public to the new exhibit. Gallery admission is free for park visitors but donations are gratefully accepted. Each exhibiting artist pays a seasonal fee to the

Town of Bristol. The gallery building was constructed jointly by PGA and the Town and is owned by the Town.

PGA is a Maine non-profit organization that provides a venue for qualified artists to exhibit and sell their artwork. Another mission goal is to enrich the arts culture for area residents, children, and visitors. In keeping with this goal, our “Meet the Artist Reception” held in early August featured artists demonstrating on the park grounds. In 2012, we will hold a similar event on Open Lighthouse Day on September 15.

PGA supports art education and events by making financial donations to area elementary schools and Healthy Kids for their art programs. Through donation of sales proceeds from several paintings by our members in 2011, we are continuing to build a Scholarship Fund to help a deserving Lincoln Academy graduate pursue an arts education. The first award will be made in 2012. As we have for a number of years, we again funded a pass to the Portland Museum of Art. This free pass is available to Bristol and other Maine residents by reservation through Skidompha Library in Damariscotta.

We are especially grateful to our Patron members, whose loyal enthusiasm complements that of our artist members, Board of Directors, and knowledgeable gallery attendants. We are also always pleased to see many summer residents and visitors from away come back regularly each year to see the new artwork. We hope you will visit the gallery in 2012, our 52nd season at Lighthouse Park. Our website, www.pemaquidartgallery.com, provides information about our artists, events and charitable activities. ✱

Fishermen's Museum

John Allan, Treasurer

During 2011, our 39th season, The Fishermen's Museum's collection of local marine artifacts and pictures documenting the strong fishing heritage of the Pemaquid region was enjoyed by more than 32,000 visitors. That brings the total number of Museum visitors since our opening in 1972 to over 1.5 million.

The Museum is open to all during normal Lighthouse Park hours and admission is free. Our collection of local fishing heritage includes original tools, traps, nets and artifacts, displays, diorama's, ships logs and first person accounts of shipwrecks, along with rare and unusual items that presents the history of the Bristol community to visitors from home and away. We have also placed a number of photographs and other Museum artifacts in the new Visitors Center. The Museum and Visitors Center at Lighthouse Park provide warm and inviting destinations for our friends and visitors all season long.

We are fortunate to have enjoyed the support of a dedicated group of volunteers over the past 39 years. It is through their efforts and the enthusiastic support of the Bristol Park Commissioners that The Fishermen's Museum has been so successful. Thanks to all who contribute their time and continue to insure that our Museum

remains an important educational destination for visitors and maritime scholars.

Donations we receive go directly to artifact restoration, exhibit maintenance and our small operating budget. The balance has always been donated to the Town. In 2011 our contribution was \$3,257, bringing total donations from The Fishermen's Museum to the Town of Bristol since our opening to \$249,931. ✱

Bristol Area Library

Jacqueline Bennett, Librarian

The Library had more visitors than ever recorded and they are coming for more than just our great collection of books. Keeping current with technology is only one of the many reasons we welcomed 10,300 adult and 1,200 children visitors during this past year. Groups use the library as a meeting place, others come for internet access and computer use, many like to borrow the free passes to the Coastal Maine Botanical Garden and more come for the special programs the library offers including: displays by local artists, knitting for all ages, author visits, book groups, story times and the Summer Reading Program and activities.

With over 25,000 items available, the library provides a fantastic collection of both print and non-print materials. Print materials were signed out 11,000 times and non-print materials were signed out over 5,000 times. Our 1800 DVDs and VHS are very popular and thanks to many donations, we offer more than 900 audio books. New this year, with a donation from the Fortnighly Club in memory of Carol McGuirk, patrons can download audio books and ebooks through the Maine State Library's downloadable books program. For more information or to search our online collection, please visit bal.tidewater.net.

Many thanks to our wonderful volunteers who worked over 2,900 hours on such tasks as working on the gardens, maintenance of the building, sorting books for the bookstore and other functions that benefit the library including the annual book sale, plant sale and pie sale. We are also thankful to the Friends of the Bristol Area Library for their support of time and financial assistance with the annual newsletter and with children's programs.

This year's board of trustees are Kathleen Riess, President; Carol Jaeger, Vice President; Sue Trouwborst, Recording Secretary; Bonnie Sablinsky, Treasurer and Roberta Watson, Corresponding Secretary. Other trustees are Jim Austin, Cathy Chase, Becky Cooper, Vera Havens, Andrea Ericson, Judith Hope, John Marsili, Andrea Powell, Susan Taylor and Eveline Tierney.

We continue, through various ways, to increase our income as our expenses rise and we offer a special thanks to our loyal patrons and to those who gave so generously to our annual appeal. We appreciate the support we received from local organizations and many thanks also, to the town of Bristol for their support of \$14,000 in appropriations to ensure that the library is a special place and that programming will continue. ✱

Bristol School Committee

David Kolodin, Chairman

As the school year 2011-12 began in September, we welcomed on board our newly appointed Superintendent of Schools, Steven Bailey. Prior to taking this leadership position, Mr. Bailey was the Assistant Superintendent of Schools in the city of South Portland, Maine. As our previous superintendent, Robert Bouchard, had left his mark for ten years, Mr. Bailey's challenge reflects a time of change in the educational landscape. Prior to this present school year, Bristol School was part of a six town union (Union 74), which has expanded to seven towns. This new alignment is now referred to as an Alternative Organizational Structure (AOS 93), with Bristol Consolidated School (BCS) retaining it's independent, five member school committee.

As these macro changes take effect, Bristol School principal Jennifer Ribeiro and her team of teachers/staff personal have inculcated into the students' school day the following activities: Rosetta Stone foreign language enrichment program for grades 3-7; Intervention, additional instruction time in math and reading for those individuals not meeting standards; Civil Rights Team in grades 6-8; Enrichment Programs, including dance, aquaponics, bike club, music and art; Odyssey of the Mind.

As the 2011-12 school unfolds, the student population remains in the range of 174-177 (allowing for move-ins and outs). On the horizon is the addition of a Pre-Kindergarten, 4-year old program scheduled to begin in September 2012. Over the last several years, the school committee and administration have been able to keep abreast of maintenance issues, particularly the adherence to air quality standards, with the addition of a new air exchange system. The next project is the replacement of the aging heating system that has been in a state of constant repair for several years. *

Lincoln County Television

Mary Ellen Crowley, Station Manager

Lincoln County Television (LCTV), established in 1991, is a non-profit organization that manages Public Access Channel 7 on Time Warner Cable for ten towns in Lincoln County: Alna, Bristol, Damariscotta, Dresden, Edgecomb, Newcastle, Nobleboro, Waldoboro, Westport Island, and Wiscasset.

The channel currently reaches approximately 11,200 individuals in our community and our locally produced programs are available to untold numbers worldwide via the internet.

2011 was a year of growth for LCTV. Some of the highlights include:

- Hired a teacher to give instruction in video production (8 hours a week);
- Expanded station access hours in September to 22.5 a week (was 10-12);
- Gave instruction to 23 students;

- Added the Town of Newcastle as a government producer, providing them with a volunteer and equipment;
- Assisted Newcastle and Damariscotta in renewing their franchise contracts with Time Warner Cable;
- Assisted Lincoln Academy in determining their recording equipment needs;
- Advised Wiscasset on improving audio quality for government meetings and installed new mics;
- Made improvements to the LCTV Media Center studio by raising the ceiling to install lights and building a set backdrop;
- Equipment updates include 3 Canon XL2 camcorders (used), wireless audio mics for field and studio, pressure boundary mic for field, dynamic and condenser mics for studio, 24 channel audio mixer for studio, three additional PC editing systems (one purchased, two on loan);
- The first LCTV on-line auction and 8 hour auction show, featuring local talent, businesses, government officials and non-profit organizations, netted \$4165.81, used to purchase equipment;
- First time use of the LCTV Media Center Studio to produce a weekly show, *Maine Music*, showcasing local musicians, produced by LCTV students with the guidance of instructor KJ Flewelling and Executive Producer Alan Lowe;
- Teamed with the Lincoln Theater and PumpkinFest to produce a live video stream of the Pumpkinfest Regatta to the screen at the Lincoln Theater;
- 542 shows containing new content were locally produced in 2011, 348 of which are available for viewing on LCTV's website, www.lctv.org Video on Demand (VOD);
- 1169 shows containing new content produced outside our community, were requested by organizations and individuals within our community;
- Total of 7894 hours of programming, including repeat shows;
- 38 local producers contributed to new programming;
- An average of 100 Community Bulletin Board slides and public service announcements air daily, produced by 73 local organizations and municipalities;

The above accomplishments were made possible due to a hard working board of directors and volunteers, enthusiastic local producers and increased funding from the community. In 2011, with valuable input from several officials from various towns governments, LCTV instituted a funding formula based on population and number of cable subscribers to determine each town's share of financial support for LCTV. We are happy to report that last year, six out of ten towns voted to contribute the assessed amount. We hope the two towns that gave less and the two towns that gave nothing, will come to see the value of contributing their fair share to supporting the operation and development of their Public Access channel. ✱

Bristol-South Bristol Transfer Facility

Chester Rice, Chairman

The Transfer Station continues to encourage recycling as every ton recycled saves fees and that product gets reused. A free waste load of 1-1500 lbs is available to property owners one time each year.

The Transfer Station is undergoing a change in management at the present time. A new manager will be in place in early February 2012.

The Transfer Station board continues to improve the facility making it a clean, well staffed part of town government. *

Bristol Parks & Recreation

Gordon Benner, Chairman • Sandra Lane • Judith Lowd

The Bristol Parks and Recreation Commission oversees 10 properties. These include: Pemaquid Point Lighthouse Park, Pemaquid Beach Park, Swimming Hole at Bristol Mills, Hanna Landing, Town Landing, Old Rock School House, Moxie Cove Picnic area, Pemaquid Falls Picnic area, Pemaquid River Canoe-Kayak Launch, Ellingwood Park and Visitors Center.

Ellingwood Park and Visitors Center opened quietly early in the summer with nearly all of the interior, exterior and ground work completed by Gordon Benner and crew. In late summer a flag pole (thank you generous donor) and signage was installed. Ellingwood Park now features a level parking area for the many people that utilize the park and Pemaquid River launch.

Olde Bristol Days moved to Pemaquid Beach Park and went off without a hitch. 2012 marks the 60th anniversary of Olde Bristol Days and we are planning in recognition of this milestone. Suggestions highly encouraged! The Lobster Boat Races are scheduled! The fireworks are ordered! Dates are August 10th-11th-12th, 2012.

Hurricane Irene fell on our coast Sunday, August 28th. Viewing the crashing surf was on the minds of nearly all our residents and visitors. Parks employees were called to action to close and keep watch at the Lighthouse Park and Pemaquid Beach, keeping these spectators at bay. Safety first. Irene rained chaos on Pemaquid Beach. Her force pushed mounds of seaweed some 4 feet tall, and debris past the Beach house, taking out nearly 5 feet of the dunes with her. It took many long days to clean up the remains. The visitors did not want to come and those who did, did not stay. Sand fleas. Lighthouse park foliage received major salt spray damage that is still recovering. Revenue was down and overtime was up. Nature reeked havoc on our budget. All survived and within several days the beach was fully functioning. Thank you to Lincoln Academy Sophomores for spending their first day of school with us cleaning the beach.

Plans include: a new roof for the beach building and new merchandise in the rental shop; continuing our sell out Bar-B-Q chicken dinners and musical entertainment evenings. Our parks employees volunteer their time to prepare, serve and clean up at these fun events. The Learning Center at Lighthouse Park will again host speakers and family movie nights as they were both wildly successful. National Lighthouse day is in September, and we will work with the Bristol Fire Department to bring Flying Santa in December.

Commission meetings are the first and third Tuesday every month, 7:00 p.m. Bristol Town Hall. Please join us!

Thank you to all who make this possible. Elected officials and employees of the Town of Bristol, artists, vendors, countless volunteers, year around residents, and the thousands of summer residents and visitors who come to enjoy our beautiful coast. *

Superintendent of Schools

Steven Bailey

Our consolidated school on the peninsula continues to thrive, despite the pressures that surround us during these tough economic times. Our students are at the forefront of our minds as we discuss assessment requirements, plan daily lessons and provide guided instruction each and every day. Our students are the future. They will be here supporting us before we know it and we strive each day to provide them with the 21st Century skills and knowledge to be successful in the ever changing world in which we live. At Bristol School we make meeting the needs of all students our top priority. The staff meets regularly in Professional Learning Communities to discuss student progress and to plan for appropriate instruction to meet individual needs. We implement interventions to support academic growth that is specifically targeted in reading and math. Small group instruction is planned for key aspects of the curriculum. Behavioral support and reinforcement of appropriate choices is a focus to support the social and emotional development of our students. Enrichment options are scheduled for students who are meeting and exceeding the targets.

We are proud of the many ways the school day has been adjusted to meet various needs of our students. By providing intervention support and enrichment for our students they have had many more opportunities to learn. We are proud of these programs and our students are thriving. We have an active Civil Rights Team with participants in grades 6-8. Students are able to participate in band, chorus, and the hand bell choir for performing arts. For the visual artists we offer an open art class each week. Our middle schoolers are also able to participate in dance, aquaponics, a bike club and Rosetta Stone foreign language instruction. After-school activities have been dominated by our strong athletic program. Students in grades 6-8 participate on many traditional athletic teams, as well as a jump rope team. We have been fortunate to start an Odyssey of the Mind team for grades 4-5 this year. Our community partner, the Weymouth House has provided a weekly enrichment program for many of our students as well.

The students and staff at Bristol Consolidated School continue to grow together. As we spend our days teaching the kids about science, social studies and math, language arts, technology and more, they in turn are teaching us new ways of looking at the world. Their ability to keep up with new technology leaves the adults in the dust most of the time! Our students continue to show progress in their performance on both local and state level assessments. They continue to meet the benchmarks for math and reading as required by the No Child Left Behind laws. Our eighth grade science and reading scores continue to be among the highest in the state. You should be very proud of the students and staff for the success they have had this past year. Thanks for supporting your youngest citizens as they develop into the future leaders of this community! ✱

Independent Auditors' Report

William H. Brewer, Certified Public Accountant

858 Washington Street, P.O. Box 306

Bath, Maine 04530

We have audited the accompanying general purpose financial statements of the Town of Bristol, as of and for the years ended December 31, 2011 and 2010, which collectively comprise the Town's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the Town of Bristol's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Town of Bristol as of December 31, 2011 and 2010, and the respective changes in financial position and cash flows, for the years then ended in conformity with accounting

principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on Schedule A-1 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Bristol's finan-

cial statements as a whole. The introductory section, combining and individual nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such infor-

mation directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them. *January 22, 2012*

Management's Discussion & Analysis

Fiscal Year Ended December 31, 2011

The Municipal Officers of the Town of Bristol, Maine offer the readers of Bristol's financial statements this narrative overview and analysis of its financial activities for the fiscal year ended December 31, 2011. We encourage readers to consider the information presented in conjunction with additional information furnished in the basic financial statements and the accompanying notes to those financial statements.

The Financial Statements

The financial statements presented herein include all activities of the Town of Bristol, Maine using the integrated approach as prescribed by GASB (Gov-

ernmental Accounting Standards Board) Statement No. 34. The government-wide financial statements present the financial picture of the Town using the accrual basis of accounting. They present governmental activities (functions that are principally supported by taxes and intergovernmental revenues) and business-type activities (functions that are intended to recover all or a significant portion of their costs through user fees and charges) separately. These statements include all assets of the Town as well as all liabilities, including long-term debt.

The fund financial statements include statements for each of the three categories of activity: governmental,

business-type and fiduciary. Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Statement of Net Assets and Statement of Activities

The statement of net assets and statement of activities report information about the Town and its activities as a whole. Excluding infrastructure, these statements include all assets and liabilities of the Town using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net assets and changes in them. Net assets are the difference between assets and liabilities, which is one way to measure the Town's financial health or financial position. Over time, increases and decreases in net assets are one indicator of whether the Town's financial health is improving or deteriorating. Other factors to consider are changes in the Town's property tax base and the condition of its infrastructure. In the statement of net assets and statement of activities, the Town's activities are separated as follows:

Governmental activities: Most of the Town's basic services are reported in this category, including public safety, public works, and general administrative services. Property taxes, excise taxes, user fees, interest income, franchise fees and

State and Federal grants finance these activities.

Business-type activities: Parks and Recreation is considered a "business-type" activity. A fee is charged to customers to cover costs associated with admission to and use of Bristol's parks. Parks and Recreation is completely self-supporting through admissions, rental income and other user fees.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds, not the Town as a whole. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law or by grantor. In the Town of Bristol, these include worthy poor funds, cemetery funds and a small fund set aside for maintenance of the Rock Schoolhouse. Management, however, establishes other funds to help it control and manage money for particular purposes. During fiscal year 2011 Bristol had eight "capital reserve" accounts: the Highway Equipment Fund, the Fire Truck Fund, the Revaluation Fund, the Building Fund, the Computer Fund and the Parks Fund, the School Boiler Fund and the Learning Center Fund.

Governmental Funds

Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the remaining balances at year end that are available

for spending. These funds are reported using an accounting method called “modified accrual,” which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed, shorter-term view of the Town’s general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town’s programs. The Town’s governmental funds consist of the following:

General Fund: The general operating fund of the Town used to account for all financial resources except those required to be accounted for in another fund.

Proprietary Funds: When the Town charges customers for services it provides (business-type activities), these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and Statement of Activities.

Fiduciary Funds: The Town’s fiduciary funds are held in trust for the benefit of others. These funds are not included in the government-wide financial statements and cannot be used to support general government activities and operations.

Governmental Activities

The cost of all governmental activities in 2011 was \$6,921,627.79, a decrease of \$449,228.04 in comparison to 2010. Some of the costs were paid by those who directly benefited from the programs, or by other governments and organizations that subsidized certain programs with operating grants and contributions. The Town paid for the “public benefit” portion of governmental activities with property taxes and through additional sources such as excise tax, interest, State revenue sharing, cable television franchise fees and other miscellaneous revenues.

Town programs include education, general government, health and welfare, highways and bridges, protection, special assessments (County tax), and unclassified. Each program’s net cost (total cost less revenues generated by the activities) is presented below. The net costs show the financial burden placed on the Town’s taxpayers by each of the functions

Governmental Activities	Net Cost 2011	Net Cost 2010	Net Cost 2009
Education	\$ 3,781,589.85	\$ 3,922,226.91	\$ 4,227,178.60
General Government	410,557.17	417,494.27	791,395.25
Health and Welfare	247,515.32	246,047.10	242,649.41
Highways and Bridges	891,181.51	917,318.13	968,320.18
Protection	306,439.31	406,041.02	881,134.76

Unclassified	<u>16,197.65</u>	<u>208,506.83</u>	<u>264,130.52</u>
Total:	\$ 6,921,627.79	\$ 7,370,855.83	\$ 8,586,096.16

On December 31, 2011, Bristol’s net assets for governmental activities totaled \$8,352,388.92. Net assets as of December 31, 2010 were \$7,945,823.37 and

\$7,614,486.12 as of December 31, 2009. The result is an increase in net assets of \$406,565.55 during fiscal year 2011.

Business-Type Activities

The cost of the Town's only proprietary fund, Bristol Parks and Recreation, was \$303,810.36. The amount paid by users of the system and raised through donations was \$312,496.18, resulting in a net gain of \$8,685.82.

Budgets and Budgetary Accounting

The breakdown of actual expenditures for the year may be found in the Selectmen's Financial Report which is part of the 2011 Annual Report of the Town of Bristol. This could be compared with the proposed budget for 2012 to ascertain potential increases or decreases in individual budgetary items.

Administrative Notes

Bristol had three outstanding loans at the end of fiscal year 2011: School Renovations which matures in 2017, the Partridge Bridge which matures in 2017 and a Fire Truck loan which matures in 2018. The following is a comparison of total long-term debt:

FY 2011	FY 2010	FY 2009
\$ 1,015,025.18	\$ 1,208,919.05	\$ 1,376,335.92

There was an increase in the County tax assessment as compared with fiscal year 2010.

FY 2011	FY 2010	FY 2009
\$ 1,268,146.98	\$ 1,253,221.57	\$ 1,211,287.44

There was an increase in un-appropriated surplus as compared with fiscal year 2010.

FY 2011	FY 2010	FY 2009
\$ 944,913.52	\$ 751,429.25	\$ 867,479.19

The mill rate decreased from 8.15 per \$1,000.00 of valuation for fiscal years 2009 and 2010 to 7.85 per \$1,000.00 of valuation for fiscal year 2011.

Education accounted for approximately 62% of the tax commitment followed by the County tax assessment at 20% and the Municipal budget at 18%.

Bristol's financial position continues to be excellent. The Municipal Officers will continue to seek ways to lower the cost of providing essential services to Bristol's taxpayers while preparing for demands on infrastructure, increased cost of education, decreased State revenues, the County tax commitment and State and Federal mandates. *

Notes to Financial Statements

December 31, 2011

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Bristol conform to generally accepted accounting principles as applicable to governmental units.

1. Financial Reporting Entity

The Town of Bristol was incorporated in 1765. The Town operates under a town meeting form of government.

In evaluating the Town of Bristol as a reporting entity, management has addressed all potential component units. The primary criteria for including a component reporting entity are the exercise of financial accountability by the Town of Bristol's municipal officials.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also

required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP are used by the Town as discussed below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*. Certain significant changes in the Statement include the following:

1.) Financial statements now include:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the Town's overall financial position and results of operations.
- Financial statements prepared using full accrual accounting for all of the Town's activities, including infrastructure (roads, bridges, etc.).

2.) A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements). The Town has elected to implement the provisions of the Statement in the year ended June 30, 2004.

In accordance with GASB Statement No. 54, the Town employed new terminology and classifications for fund balance items during the fiscal year ending December 31, 2011.

Committed fund balances are amounts that can be used only for specific purposes because of a formal action taken by the Town.

Unassigned fund balance are all amounts in the General Fund that are not assigned to another category. Only the General Fund can have an unassigned fund balance.

2. Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town's fire protection, recreation, public works, and general administrative services are classified as governmental activities.

In the government-wide Statements of Net Assets, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net

cost of each of the Town's functions and business-type activities (fire, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (fire, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net assets resulting from the current year's activities.

3. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

1. *General Fund:* General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.
2. *Fiduciary Funds:* Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Town programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets,

liabilities, revenues or expenditures/expenses of either fund category) for the determination of major funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

3. *Proprietary Fund*: The Proprietary Fund is the fund used to account for all financial resources relating to the Parks and Recreation Department. The generally accepted accounting principles applicable are those similar to business in the private sector.

4. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

- a. **Accrual**

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

- b. **Modified Accrual**

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

5. Financial Statement Amounts

- a. **Cash and Cash Equivalents:**

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the

investment in financial institutions as described in Section 5706 MRSA and securities as described in Sections 5711 through 5717 MRSA.

b. Capital Assets:

Capital assets purchased or acquired with an original cost of \$2,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 Years
Machinery and Equipment	5-10 Years
Improvements	10-20 Years
Other Infrastructure	10-50 Years

c. Revenues:

Substantially, all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

d. Expenditures:

Expenditures are recognized when the related fund liability is incurred.

e. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

6. Total Columns

Total columns on the combined statements are captioned “Memorandum Only” to indicate that they are presented to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE B - CASH:

Cash

The Town's cash is categorized to give an indication of the level of risk assumed by the Town at year end. These Categories are defined as follows:

Category 1: Insured or collateralized with securities held by the Town or by its agent in the Town's name.

Category 2: Collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name.

Category 3: Uncollateralized (This includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Town's name.)

	<u>\$1,015,025.18</u>	<u>\$103,695.24</u>	<u>\$1,118,720.42</u>

NOTE E - GENERAL FUND BUDGET:

The town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles on which amounts for appropriations have been recommended by the Board of Selectmen and/or the budget committee.

NOTE F - DESIGNATED FOR SUBSEQUENT YEARS' EXPENDITURES:

Historically, the townspeople vote to carry certain departmental unexpended balances forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

General Government	\$56,199.35
Education	789,742.75
Highways and Bridges	71,066.84
Protection	11,484.80
Unclassified	3,295.08
	\$931,788.82

NOTE G - REVENUE RECOGNITION - PROPERTY TAXES:

The town's property tax for the current year was levied June 1, 2011 on the assessed value listed as of April 1, 2011 for all taxable real and personal property located in the Town. Taxes were due September 15, 2011 with interest at 7% per annum or part thereof commencing September 16, 2011.

Tax liens are filed against delinquent real estate taxpayers after eight months but within one year of the original tax commitment. If the tax, interest, and costs have not been paid eighteen months after the filing of a lien certificate then the lien is automatically foreclosed.

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within sixty days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within sixty days after the year end.

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within sixty days after year end as stated above.

NOTE H - RETIREMENT PLAN:

Public school teachers contribute to the Maine State Retirement System ("System"), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for public school teachers, state employees (except as members of the judiciary and legislature who are covered under the Judicial and Legislative Retirement Systems) and political subdivisions. All public school teachers participate in the Maine State Retirement System and, if vested with ten years of service prior to July 1993, are eligible for normal retirement upon attaining the age of sixty and after completing twenty-five or more years of creditable service. Vested participants are entitled to a retirement benefit equal to a fraction of the average final compensation multiplied by the years of membership service (discounted for early retirement). The System also provides death, disability, and health insurance benefits. These benefit provisions and all other requirements are established by state statute.

Teachers are required to contribute a portion of their annual salary to the System. The State of Maine contributes the remaining amounts necessary to fund the System, using the actuarial basis specified by statute. The covered payroll for teachers is approximately \$1,183,905.88. As required by Accounting Standards, the amounts paid on behalf of the School Department by the State of Maine has been recorded as an intergovernmental revenue and an expenditure which amounted to \$197,899.02. Information concerning pension benefit obligation for public teachers is available from the Maine Public Employees Retirement System.

NOTE I - INTERFUND RECEIVABLES AND PAYABLES:

Due To and Due From Other Funds consist of the following:

Due to Parks and Recreation Department	\$ 44,741.39
Due to Capital Reserve	<u>5,462.00</u>
	\$ 50,203.39

NOTE J - PROPERTY, PLANT, AND EQUIPMENT:

The following is a summary of changes in fixed assets at December 31, 2011:

	<i>Balance</i> <i>1/1/2011</i>	<i>Additions</i>	<i>Balance</i> <i>12/31/2011</i>

Net Property, Plant, and Equipment	<u>7,663,506.07</u>	<u>(202,550.61)</u>	<u>7,460,955.46</u>

NOTE K - RISK MANAGEMENT:

The town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. All significant losses are covered by commercial insurance. There has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE L - INTEREST COST INCURRED:

During the current year the town incurred interest costs totaling \$30,202.29 which was charged as an expense to various accounts.

NOTE M - OVERLAPPING DEBT:

The Town of Bristol is situated in Lincoln County and is therefore subject to annual assessment of its proportional share of county expenses. Long-term debt outstanding in Lincoln County for which the Town of Bristol would be proportionally responsible in the event the county defaulted, is approximately \$9,010.00.00

at December 31, 2011. The Town of Bristol's share would be 14.83% of the debt, or \$1,336,183.00.

NOTE N - EXPENDITURES IN EXCESS OF APPROPRIATIONS:

During the year expenditures exceeded total appropriations in the following general fund categories:

	<u>Appropriation and Revenue</u>	<u>Expenditures</u>	<u>Variance</u>
General Assistance	22,303.41	24,145.32	(1,841.91)
County Tax	1,233,221.57	1,268,146.98	(34,925.41)
Abatements	1,522.59	3,361.19	(1,838.60)

NOTE O - JOINT VENTURE:

The towns of Bristol and South Bristol have entered into an interlocal agreement to provide for solid waste disposal facilities for the two communities. The joint venture is administered by a joint board composed of the Board of Selectmen from each town. All costs and revenues are shared in the ratio of 60% - Bristol, 40% - South Bristol.

The following is a summary of the joint venture financial statements for:

	<u>Total</u>	<u>Bristol's Share</u>
Total Assets	\$ 137,593.80	\$ 82,556.28
Total Liabilities	2,887.37	1,732.42
Total Fund Balance	<u>\$ 134,706.43</u>	<u>\$ 80,823.86</u>
Total Revenues	\$ 433,134.08	\$ 265,880.45
Total Expenditures	483,709.33	290,225.60
Excess of Expenditures Over Revenues	<u>\$ (40,575.25)</u>	<u>\$ (24,345.15)</u>

Bristol's assessments paid to the joint venture in 2011 totaled \$189,252.00 and are recorded as expenditures.

NOTE P - DEFERRED REVENUE:

Deferred Revenue consists of the following:

Prepaid 2012 Taxes	\$ 2,060.09
Excess of State Revenue Share's Receipts over the amount used to reduce the 2011 Tax Commitment	16,227.02
	<u>\$ 18,287.11</u>

NOTE Q - SUBSEQUENT EVENT:

Management has made an evaluation of subsequent events to and including the audit report date, which was the date the financial statements were available to be issued, and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.

Selectmen's Report & Financials

Chad Hanna, Chairman • William Benner • Paul Yates

2011 has been a relatively quiet year. We welcome back Bill Benner who has returned to public office. Bill has worked hard with Sean Hunter on road maintenance issues. We would like to thank Robert Tibbetts for his years of service as selectman.

The municipal office continues to run efficiently with the assistance of Town Administrator Kris Poland, Lorraine Rice, Heather Houston, Rachel Burrow and Code Enforcement Officer Merle West.

The town's financial situation remains strong and we would like to thank all of the taxpayers for their continued support. The total debt for the town stands at \$1,015,025.18 on three notes. The fire truck note is \$422,062.73 (retires 2018), the school renovation bond is \$378,000.00 (retires 2017), and the Partridge Bridge note is for \$214,422.45 (retires 2017). The mil rate for 2011 was reduced from \$8.15 per thousand to \$7.85 per thousand and we are maintaining a healthy surplus which helped us operate in 2011 without obtaining a tax anticipation note.

Bristol continues as the highest valued town in Lincoln County with a value of approximately 1.1 billion dollars. This also means that Bristol pays the highest portion of the county assessment. Bristol paid approximately \$1,265,000.00 to Lincoln County in 2011.

The town purchased the Ellingwood property on the Pemaquid River and with hard work from the Parks maintenance crew and many hours of volunteer time Bristol Parks and Recreation was able to officially open "Ellingwood Park" and the visitor center in July.

The town invested approximately \$500,000.00 in road maintenance and upgrades. The Fogler Road, Moxie Cove Road and the north end of the Old County Road had ditching, culvert replacements and new paving totally approximately 3 miles. Significant work was accomplished on the gravel portions of the Brown's Cove Road, Rock School House Road, Poor Farm Road, Split Rock Road and Sproul Hill Road. We are planning on 3.4 miles of paving projects for 2012 and to do repair projects on five of our smaller bridges that require maintenance. The Maine DOT currently has the Harrington Road, Huddle Road and Snowball Hill Roads on its maintenance list for 2012.

We have been working through a difficult situation at the Bristol/South Bristol Transfer Station. The manager has resigned and we are continuing to investigate and reassess the operation of the Transfer Station. We have hired David Poland of Damariscotta as the new manager and are implementing new operating procedures.

This town report has been dedicated to Robert Fossett and Dwayne Boynton and we would like to acknowledge their years of service to the Town of Bristol as well. We will miss them both. *

ARTICLE 14 SUMMARIZES THE PROPOSED SCHOOL BUDGET

Art. 14 To see what sum the Town will authorize the school committee to expend for the fiscal year beginning July 1, 2012 and ending June 30, 2013 from the Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act, non-state-funded school construction projects, additional local funds for school purposes under the Maine Revised Statutes, Title 20-A, section 15690, unexpended balances, tuition receipts, state subsidy and other receipts for the support of schools.

School Committee Recommends \$4,177,997.00
Budget Committee recommends (12-0) Same

ARTICLES 15 THROUGH 17 RAISE FUNDS
FOR THE PROPOSED SCHOOL BUDGET

School Budget Funding Explanation

Article 15 Required Local (EPS) Raise Amount \$ 2,831,824.00
Articles 16 & 17 Additional Local Raise Amount 679,876.00
Total Local Funds Raised 3,511,700.00
Fund Balance Forward Estimate 550,000.00
State Subsidy Estimate 116,297.00
Total School Budget Request \$ 4,177,977.00

Art. 15 To see what sum the Town will appropriate for the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (**School Committee Recommends \$2,831,824.00**) and to see what sum the Town will raise as the Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, section 15688.

School Committee Recommends \$2,715,527.00
Explanation: The Town's contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by State law to be the minimum amount that a municipality must raise in order to receive the full amount of State dollars.

- Art. 16 **(Written ballot required)** To see what sum the Town will raise and appropriate in additional local funds **(Recommend \$679,876.00)**, which exceeds the State's Essential Programs and Services allocation model by **\$609,455.00**, as required to fund the budget recommended by the School Committee.

The school committee recommends **\$679,876.00** for additional local funds and gives the following reasons for exceeding the State's Essential Programs and Services funding model by **\$609,455.00**:

Statutorily required amounts for secondary tuition, as well as special education, facilities maintenance, and transportation costs, exceed the State's EPS funding model.

Explanation: The additional local funds are those locally raised funds over and above the Town's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state-funded debt service that will help achieve the Town budget for educational programs.
