

**Harbor Committee  
Bristol Town Hall  
February 29, 2024**

*Present: Robert Ball, Troy Benner, Sandy Davis, Steve Hope, John Stotz*

*Also present: M. Dawson, M. Leeman, M. Prior, L. Vannah*

The meeting was called to order at 5:08pm.

**Minutes**

On a motion by Davis and a second by Hope, minutes from February 22nd were approved unanimously.

**Dumpster Cans**

A request from the fishing community to have dump receptacles closer to the shore was considered. The Select Board had asked the Harbor Committee to consider the request. The cost of having the dumpsters available would be paid out of donated funds. The committee agreed with the request and the best locations of the dumpster cans were determined. One can would be left in the Shaw's parking lot and others would be left at various town landings.

**Coastal Community Grant**

A grant opportunity is available through DMRs Coastal Maine Program. The grant is available for assessments or evaluations along the coast regarding climate change and public access. The committee will pass on the grant opportunity.

**Storm Clean Up**

Discussion ensued about the invoices received for the storm clean up. The result of the discussion was to have two of the entities who submitted invoices invited to a Harbor Committee so they could provide clarification of the costs.

The meeting adjourned at 6:14pm. The next meeting will be held Monday, March 11 @ 5pm at the Town Office.

Respectfully Submitted,

Rachel Bizarro  
Harbor Committee Secretary
