## Selectmen's Report

*Chairman Chad Hanna, Harry Lowd III, Paul Yates*

2016 was a busy year for the Town Office staff with the town wide revaluation going on throughout the whole year. The work on the revaluation will continue into 2017 with the results of the revaluation reflected in the 2017 tax bills.

The Town of Bristol remains in good financial condition, based on our annual audit. We have continued to maintain a healthy budget surplus which allows the Town to operate throughout the calendar year without the need for tax anticipation borrowing. Collections on property taxes remain excellent. Thank you to all our taxpayers for their diligence in paying their property taxes.

In 2017 and 2018 the Town will pay off three of its four long-term debt Notes: for the Partridge Road Bridge, for Bristol School renovations, and for a fire truck. We do not anticipate any additional borrowing in the immediate future, but we are planning on replacing the Bristol Mills fish ladder, accomplish further dam maintenance (water level controls) and may need to repair the historic Benner Road stone arch bridge, featured on the cover of this report, which is on the National Register of Historic Places. The culvert on the Upper Round Pond Road, behind the Town Hall may need to be replaced with a bridge as well.

We began the process of revaluation of taxable real estate throughout the Town – the first comprehensive revaluation since 1996 (followed by factoring in 2003). The work of the Assessors will be completed in May 2017. Property values have continued to trend upward. The Town's state valuation remains one of the largest in Lincoln County at approximately \$972,100,000 going into 2017. Our share of the Lincoln County budget was \$1,246,397.72.

Major road improvement projects were undertaken on the Benner Road, Upper Round Pond Road, Anchor Inn Road, and Landing Road. Three additional paving projects left over from 2016 will be completed in 2017 on the Foster Road, Upper Round Pond Road and Cozy Cottage Road. As always, we thank the residents for their patience while these projects were completed.

In October and November the Bristol Mills Dam was drawn down to allow grouting and concrete work recommended by the Town's consulting engineer, Wright-Pierce. The Bristol Mills Dam Advisory Committee has been meeting since November to work with Wright-Pierce to study the impact the dam has on fish passage, water levels, wet-lands, recreation and fire-fighting water. The results of this study will be used for future decision making related to dam maintenance and fish passage.

We began the search in September for the replacement of the Town's long-serving Town Administrator, Kris Poland, retired after 15 years. It has been the Selectmen's pleasure to nominate her for a Spirit of America Award for 2017, in recognition of her dedicated service. In January 2017 we welcomed Kris's replacement, Chris Hall.

The 2016 edition of the Town Report is dedicated to the late Al Sears. Al took

early retirement from the Bell System at the age of 54, moving to Pemaquid Point in 1984. For the next 30 years he served the Town in many capacities, most notably for 17 years as an alternate member of the Bristol Planning Board and for 27 years on the town budget committee, for 11 of which he was chairman. He will be missed.

## **Town Administrator's Report** *Chris Hall*

I was hired as Town Administrator in January as only the second person to hold this title. The position has been filled ably by Kristine Poland since it was created by the Town Meeting of March 2001. I have lived in Bristol since 1989 but have spent most of the last ten years working overseas, so I'm re-learning my way around.

As I write this in late February, I can only report my very preliminary impressions of the Town's governance. Having spent January and February getting to know the several committees and departments of the Town, and working with them to prepare the budget included in this report, I am impressed with the dedication on the part of so many people who give their time to serve either as volunteers or for nominal compensation. Thanks to them, to the hard-working staff, the Selectmen and, of course, my predecessor Kris. Bristol is a well-run town. I hope to help keep it that way!

## **Bristol Fire & Rescue** *Paul Leeman Jr., Fire Chief*

Bristol Fire & Rescue responded to 427 emergency calls during 2016. There were 260 medical calls; 46 motor vehicle accidents; 28 fire calls; 9 fire alarms; 4 water rescues; 8 downed power lines; 8 mutual aid calls; 2 hazmat calls; and 9 trees down. Members spent a total of 655.5 hours in training to enhance their skills. The members of Bristol Fire & Rescue had a total involvement of 5509.5 hours.

Due to the drought conditions we had 12 brush fires, one of which was caused by arson and posed a huge challenge being 1230 feet off of the Carl Bailey Road in a swampy area. We also had to postpone our ISO challenge due to the fact that we were down to two dry hydrants, one located at the Bristol Mills dam and our new dry hydrant located at the New Harbor Ice Pond.

For 2017 we will continue to work on challenging the ISO rating set for the Town of Bristol's homeowner's insurance rating which was put on hold due to the drought conditions. We did receive our 2016 Dodge 3500 crew cab utility truck with a Fisher Xtreme V2 plow. This truck was purchased entirely with donation monies. This allows us to plow untreated roads or driveways when called to an emergency and is equipped with forestry equipment and an ATV for brush/woods fires in the warmer months. The Utility truck also carries an array of tools enabling us to respond to a variety of emergencies without mobilizing a fire apparatus.

We continue to participate in the annual Easter egg hunt; the Round Pond 4<sup>th</sup> of July parade; Olde Bristol Days; Alvin Sproul Samoset Road Race; fire education training with the Bristol School; and the Flying Santa by helicopter at Pemaquid Lighthouse Park. Two new proactive projects that were started and completely supported from donation monies were: 1. Every Bristol Consolidated School child received a smoke alarm including a battery. 2. We began the Interstate 911 reflective sign project making it easier to find people in their time of need of assistance.

It is an honor for all members of Bristol Fire & Rescue to serve the residents of the Town of Bristol. I would like to thank the members for their many hours of dedicated service. Their participation would not be possible without the support of their families who are left at home alone at the sound of a page for Bristol Fire & Rescue. I would like to give a big Thank You to the employers who allow members to respond during working shifts. Remember that we are available every moment of every day throughout the year.

As I begin my eighth year as Fire Chief, I want to thank all residents for the privilege of serving in this capacity, and I will continue to do my very best. I want to thank all who continue to support this fine organization through their generous donations. I want everyone to be proud of their Bristol Fire & Rescue.

## Bristol Parks & Recreation

*Commissioners: Chairperson Clyde Pendleton, Sandra Lane, George Sawtelle*

The Town of Bristol is very fortunate to have so many beautiful parks and areas to visit. Pemaquid Point Lighthouse is one of the most beautiful places to visit on the coast of Maine. Our Pemaquid Beach is also, with its fine white sand and the breathtaking views. Visitors ask if the sand is natural or was it put there. Ellingwood Park Visitors Center, Hanna Landing and Picnic Area, New Harbor Landing, Bristol Dam and swimming area, Moxie Cove Landing and Picnic Area, Old Rock Schoolhouse and the Pemaquid River boat launch are all overseen by the Bristol Parks and Recreation Commissioners.

The Parks and Recreation Commissioners have met almost every week since the first of April. We want Parks and Recreation to be looking forward to the future of our young people as well as our retired citizens and everyone in between. We have made great strides. We now have bylaws with which to run the Parks and Recreation. We have worked with the Harbor Committee and the Selectmen on issues that were previously unclear to all parties.

With the great weather we had this summer, our attendance at all Parks locations was up this year, making some overdue projects and repairs possible. All the toilets at the Beach and Lighthouse were replaced along with the shower valves and showerheads at the Beach. We replaced the shower tower outside the building at the Beach which gets an extreme amount of usage. The pump out of the Beach Park septic tank was completed at a cost of approximately \$8,000.00. No one could remember the last time it was done.

All the windows at the Old Rock Schoolhouse were replaced. We built new trash and bottle containers out of pressure treated lumber to last longer and cut down on maintenance. We added a set of bleachers and a safety top on the fence at the ballfield at the Beach. A heat pump was added to Ellingwood Visitors Center which can heat it in the cold months and provide air-conditioning in the summer. Also, insulation was added in the ceiling to help with energy costs. The Commissioners are using Ellingwood as their office and with the proposed hiring of a Parks Director, this building would become the home of Bristol Parks and Recreation.

Our maintenance crew and Parks staff worked very hard to keep our parks in tiptop shape. They spent countless hours cutting grass, working in the gardens and welcoming our visitors to the Parks. Bristol Parks and Recreation employs around twenty people to keep things looking and running great. Without their hard work and dedication, we would not be where we are today. We can't thank them enough.

The Lobster Bake and Chicken Barbeque were well attended this year and everyone enjoyed the bands that played afterward. As in the past, the entrance fee for the Lighthouse was waived for all on Open Lighthouse Day. Santa made his annual visit by helicopter to the Lighthouse in December to see all the kids and the kids at heart.

As most have heard through the media and talk around town, the Parks and Recreation are proposing the hiring of a Director. This person would run the day-to-day operations, answering to the Commissioners. At this time, it would be a full time position from April through October. We would like to eventually add programs to the recreation side in the winter for kids and adults. At that time, the position would be part time from November to March. We feel that the growth that has taken place in Parks and Recreation warrants this addition. We feel the right person is needed to run this department with a budget of this size and also to apply for grants and other monies on our behalf to expand what we have and offer now.

We feel this will give the Commissioners the opportunity to put in place a two-year, five-year and ten-year plan for the future.

We will be raising the entrance fee for Lighthouse Park by one dollar this year, adding to our operating budget and funding this new position.

We have a number of projects on tap for this coming season including sanding and refinishing the floor at the Art Gallery, putting a new floor in the ticket booth at Lighthouse Park and re-shingling the two small buildings behind the Lighthouse. In addition, our plan is to put new windows in the bathhouse at the Lighthouse.

At Pemaquid Beach Park, we are planning on adding some speed bumps, doing repairs to the outside of the building, and installing new lights in the bathrooms. We are also exploring an electronic sign that would replace the existing one at Ellingwood. If the budget allows, we would like to put a well in at Ellinwood so there could be running water there year-round.

The town is launching a new website which will include a number of different things about the town and various thing to do. Please visit it to see upcoming events that Parks and Recreation will be hosting.

It was a great year and many thanks to all who made it possible and we look forward to 2017.

## The Collection of Taxes

Assessments are based on the status of property as of April 1<sup>st</sup> of the tax year. Valuations can be adjusted at any time during April, or until the taxes have been committed to the Tax Collector. Upon commitment, the valuations become permanent record and may be changed only through the abatement process. Tax bills will be mailed to the owner of record as of April 1<sup>st</sup>, and if known to the Town a copy will be mailed to any new owner. It is interesting to note that in Maine, there is no legal requirement for the Town to provide a tax bill.

The tax due date and the interest rate for late payment are determined by vote of the townspeople at the Annual Town Meeting held in March of each year. In 2017, the Selectmen will recommend September 15<sup>th</sup> for the due date and 7% for the interest rate on late payments. 7% is the maximum allowable interest rate in 2017 as set by the State Treasurer. Prepayment of taxes in any amount will be accepted at any time.

## The Lien Process

Between eight and twelve months after taxes have been committed, the Treasurer will place a lien on all real estate accounts with an unpaid balance. All lien costs must be paid by the delinquent taxpayer before the lien can be discharged. If the lien remains unpaid for 18 months after having been recorded, the Town becomes the owner of the property. At this point the prior owner may negotiate with the Selectmen to buy back the property, or the Town may sell the property at auction.

## Homestead Exemption

You are entitled to a Homestead Exemption if:

- You are a legal resident of Maine as of April 1<sup>st</sup>, 2017 and have owned a homestead in the Town of Bristol for at least the past 12 months;
- The property has been your permanent place of residence for the past 12 months;
- It is the only property for which you are claiming a Homestead Exemption.

If you are already receiving this exemption, there is no need to reapply. Applications are available at the Town Office and must be filed by April 1<sup>st</sup>.

## Bristol/So.Bristol Transfer Facility *David Poland, Manager*

For the Bristol/South Bristol Transfer Facility, 2016 was a busy year. Every year it seems to get busier, but for a change 2016 was a 'normal' year with no unexpected issues. In the previous several years, at least one major issue with equipment or other matters came up requiring some scrambling to get it solved. I hope we can now look forward to a period of stability in which we can set aside reserves for a planned program of equipment maintenance and replacement.

As we look ahead, I do not foresee major changes but it is important not to fall behind on what we have. We can't wait until there are major issues but must be ready for them. Our building, trash trailers, loader, bulk containers, forklift, road, parking lot and scales are all essential to keeping the transfer facility running, and all have been an issue at one time or another. I am happy to report that at the moment everything is running and maintained, but buildings and machinery grow old and tired and don't last forever. One of my goals this year will be to plan ahead for each item, start capital reserve accounts for each one and be ready for it when the time comes so no more surprises. So no major purchases this year - we're not ready, but little changes to fine-tune the operation. I'm grateful to our loyal staff, Kurt Geib, Raymond Eastman, and our summer part-time help, Andy Longe. We're always looking for new ideas to make things easier and more efficient.

During the five years I have been here, I've been proud of our towns' growing commitment to recycling. We have seen our recycling rate grow an average of 2% every year to over 20% for the first time in 2016. Every little bit helps save tax dollars, and it is important to remember that our tonnage to the landfill is still growing so we must try to both keep our expenses down and keep our recycling rate growing. That being said I feel comfortable that we can make a small reduction in assessments for 2017 because of the growth in recycling. Please keep up the good work, encourage others and let's keep it going!

## **Lincoln County Sheriff's Office** *Sheriff Todd B. Brackett*

Time has slipped by and another year in Lincoln County law enforcement has come to an end. For me, time seems to pass faster and faster each year and 2016 was no exception. In fact, the dust has yet to settle on another busy year here at the Sheriff's Office.

Our greatest challenge in 2016, which will undoubtedly follow us into 2017 and I fear beyond, is the use and abuse of illicit drugs like heroin, fentanyl, and other opioids. We have seen an uptick in the use of these dangerous substances individually and even more concerning, in combination with each other. The results are too often deadly and whether deadly or not, have a devastating effect on users and their families.

Another product of substance abuse is its direct relation to other crimes. More often than not drug use is involved in crimes against property i.e., thefts, residential, and commercial burglaries. It surfaces in family violence, assaults, and sex crimes; and is ever present on our roads and highways in impaired driving incidents, traffic accidents, and traffic fatalities. Substance abuse can touch us all and requires a community effort to curb its effects.

Understanding that enforcement alone cannot solve this problem, the Sheriff's Office and every police department in Lincoln County have joined forces with: Lincoln Health – Miles and St. Andrews; Mid-Coast Hospital and its Addiction Resource Center; local physicians, clinicians, and other service providers; concerned citizens and volunteers to form the Lincoln County Recovery Collaborative (LCRC) a coalition fighting back substance abuse on every front.

I am excited about the project as it evolves and changes to meet the needs of our communities and have committed the full resources of your Sheriff's Office to do everything we can to stem the tide of substance abuse.

I want to thank the Town of Bristol for its ongoing support for the men and women of the Lincoln County Sheriff's Office. We responded to over 1943 calls in town this past year and yes, many of them were drug related, a reminder that none of us are immune. I am extremely proud of my staff who continue to do their very best to meet your law enforcement needs. Although keeping up with an ever increasing volume and complexity of calls may cause us to fall short on occasion, we are committed to our mission of meeting this goal.

Thank you for the opportunity to serve as your Sheriff and for allowing me to be a part of the team of law enforcement professionals serving Lincoln County. Please reach out to me at any time if I can be of assistance to you.

## United States Senator *Susan M. Collins*

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to share some key accomplishments.

Growing our economy by encouraging job creation remains a top priority. The tax relief bill enacted during this last Congress contains provisions I authored to provide small businesses with the certainty that they need to invest, grow, and, most important, hire new workers. The 2017 National Defense Authorization Act includes a provision the Maine delegation worked together to champion requiring that military recruits be provided with athletic footwear made in America, as is required for other equipment and uniform items whenever possible. This is a great victory for our troops and for the 900 skilled workers at New Balance factories here in Maine.

Maine's contributions to our national security stretch from Kittery to Limestone. As a senior member of the Appropriations Committee, I successfully advocated for critical funding for projects at the Portsmouth Naval Shipyard and \$1 billion towards the construction of an additional ship that will likely be built at Bath Iron Works. This funding will strengthen the Navy and our national security, and the additional destroyer will help meet the Navy's goal of a 355-ship fleet.

Maine's growing population of older individuals creates many challenges. That's why, as Chairman of the Senate Aging Committee, my top three priorities are fighting fraud and financial abuse directed at our nation's seniors, increasing investments in biomedical research, and improving retirement security.

The Aging Committee's toll-free hotline (1-855-303-9470) makes it easier for senior citizens to report suspected fraud and receive assistance. Last May, a call to the hotline helped lead to the arrest of a national crime ring targeting seniors, and in June I worked to secure the humanitarian release of a Maine senior who had been imprisoned in Spain after being victimized by an international drug smuggling scam.

The Aging Committee also released an extensive report detailing the findings of our bipartisan investigation into the abrupt and dramatic price increases for prescription drugs whose patents expired long ago.

I advocated strongly for the \$2 billion increase in funding for the National Institutes of Health to advance research on such diseases as diabetes and Alzheimer's. I also championed and authored portions of the 21<sup>st</sup> Century Cures Act that will further support biomedical innovation and make significant reforms to our mental health system.

The Senate also took steps in the past year to combat the nation's heroin and opioid epidemic by passing the Comprehensive Addiction and Recovery Act (CARA), which I was proud to cosponsor. CARA is a monumental step forward in our effort to address the devastating addiction crisis affecting countless families and communities across the country and right here in Maine.

A Maine value that always guides me is our unsurpassed work ethic. In December 2016, I cast my 6,236<sup>th</sup> consecutive vote, continuing my record of never missing a

roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Bristol and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Augusta state office at (207) 622-8414 or visit my website at [www.collins.senate.gov](http://www.collins.senate.gov). May 2017 be a good year for you, your family, your community, and our state.

## **United States Senator** *Angus S. King Jr.*

Since being sworn into the Senate in 2013, I have made it my mission to address at the federal level the most important issues facing our great state. Working closely with my colleagues in the Maine Congressional Delegation, we've been able to successfully secure a number of legislative victories that support our state's economy, our rich traditions, and the hardworking people I am proud to represent.

In an increasingly polarized Congress, my goal as an Independent is to put partisanship aside, build consensus and further common-sense solutions to address the needs of the American people. To this end, I have cofounded the Former Governors Caucus, a group of former state executives who are frustrated with legislative gridlock and eager to find bipartisan solutions. And as always, I aim to bridge the partisan divide by hosting barbeque dinners in Washington with colleagues ranging from Ted Cruz to Elizabeth Warren. If you know a person's children, then you see them as a mother or father and not a rival vote, and working to further personal dialogue and build relationships can lay the foundation for successful legislation.

One of the accomplishments of which I am most proud is the legislative victory that protects our college students and their families from an expensive hike in student loan interest rates. In 2013, as students faced a significant spike in interest rates that would have taken thousands of dollars out of their pockets, I brought together colleagues from across the political spectrum to broker compromise legislation called the Bipartisan Student Loan Certainty Act. Thanks to this bill, students will save \$50 billion over the next 10 years by lowering their interest rates, which means that a student in Maine will now save between \$3,000 and \$6,000 over the life of their loan.

Being an Independent in the Senate has allowed me to make calls and vote on policies that are best for Maine, but it has also made it possible to play key roles in finding simple solutions and legislative fixes that make good commonsense to both parties. Of course, much of what we do in the Senate doesn't happen on the Senate floor, or even in committee. Instead, it involves working across all levels of government to ensure the State of Maine receives attention and support from the federal government.

Take, for example, the opioid and heroin epidemic devastating communities across our state. While Congress has passed legislative solutions aimed at expanding access to medical treatment, I've also pressed for other changes that can be accomplished more quickly and make a more immediate difference in

Maine. For example, I successfully urged the U.S. Department of Health and Human Services to increase the number of patients to whom a doctor can provide medication-assisted treatment, and in 2015 brought the Director of the Office of National Drug Control Policy to Brewer to meet directly with Mainers and hear their stories. I've also engaged law enforcement – including the Drug Enforcement Agency – to crack down on the production of opioids and work to limit their diversion. Together, Senator Collins and I helped pass the Northern Border Security Review Act to combat drug and human trafficking along our border with Canada.

While the opioid epidemic is certainly our biggest public health crisis, job loss in Maine is still our number one economic problem and that's why we need to focus on bringing good paying jobs back to Maine and protecting the ones we still have. As a member of the Armed Services Committee, I teamed up with Senator Collins and Representative Poliquin to successfully secure a provision in the defense bill that can help domestic shoe manufacturers like New Balance. The three of us also worked together with the Department of Commerce to establish an Economic Development Assessment Team, known as an EDAT, to assist Maine's forest industry in the wake of several mill closures. We have an incredible spirit of innovation and ingenuity in Maine and I believe finding ways to invest in that spirit will reignite Maine's forest products sector and our economy. Part of our economic path forward must also include expanding access to highspeed broadband, which can help connect our businesses and communities to information and economic opportunities.

As a member of the Senate Armed Services and Intelligence Committees, I work to keep Maine and our nation safe. Part of that important work means continuing to work for funding for the construction of Navy ships that will be used to protect American interests across the globe. We all know that "Bath Built is Best Built," which is why I've fought to authorize funding for Navy ships built at BIW. The best way to preserve peace is by deterring war through unassailable strength, and to do that we must support our shipbuilders and our brave service members and invest in our military. I strive to meet this solemn responsibility every day as a member of these committees, which is why I hardly ever miss a hearing and take great care in overseeing the agencies sworn to keep us safe. Armed Services Chairman John McCain called me "one of the most serious and hard-working members" of the Committee, and that's a humbling compliment from a true American hero.

As always, please call or write me with thoughts or concerns with matters currently before Congress, or if you need assistance navigating a federal agency. As a public servant, it is critical to me to listen and learn from you, which is why staying connected with people from all over our beautiful state remains a top priority for my work in the Senate. Please call my toll-free line at 1-800-432-1599 or one of my offices: Augusta (207)622-8292, Bangor (207)945-8000, Presque Isle (207)764-5124, Scarborough (207)883-1588, or Washington, D.C. (202)224-5344. You can also write me on our website at [www.king.senate.gov/contact](http://www.king.senate.gov/contact).

It is an honor and a privilege serving the people of Maine in the Senate, and I look forward to working with you in our search for a more perfect Union.

## **Member of Congress** *Chellie Pingree*

I hope this letter finds you well. It's a privilege to share an update on my work to represent you and your family in Washington and in Maine.

As always, the interests of my constituents are what guide my work. There are many things I could talk about in that regard. But I want to focus here on one issue of particular importance—economic development. Having good-paying jobs allows future generations to make this wonderful state their home. With that goal in mind, I'm working to address Maine's economic challenges and capitalize on its opportunities.

One such opportunity is agriculture, where Maine is bucking national trends. The average age of our farmers is actually going down while acreage in cultivation is going up. Consumer demand for local food is driving that growth. I've been successful in reforming federal policies to help farmers and processors meet that demand. My work will continue this year as Congress reauthorizes the Farm Bill.

I'm also working to support jobs in our coastal communities. Last year, I helped block Sweden's proposed ban on the export of Maine lobsters to the European Union. I also introduced legislation to lift unnecessary regulations on seafood exporters and invest in working waterfront infrastructure.

On the House Appropriations Committee, I'm defending federal programs that support jobs throughout Maine. These programs invest in worthy projects that are beyond the reach of private, municipal, or state resources. In our state, they provide loans to small businesses, clean polluted sites for redevelopment, find new marketable uses for Maine's natural resources, build broadband infrastructure, and much more.

Aside from economic development, advocating for Maine veterans is one of my highest priorities. With Congress' current agenda, I'm also fighting to defend Medicare and Social Security, protect clean air and water, and ensure that our communities have the resources to address hunger, homelessness and lack of health care access.

Just as important as my policy work in Washington is what my office does to help individuals in Maine. Every year, my staff helps hundreds of constituents who have issues with federal agencies or programs. Please call my Portland office at (207) 774-5019 for assistance. It's an honor to serve you.

## **Governor of Maine** *Paul R. LePage*

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities continues to be the reduction and eventual elimination of the income tax. Raising the minimum wage is not the path out of poverty; I want Mainers to earn a career wage. Reducing the income tax is the biggest and most immediate pay raise for all hard-working Mainers.

Not only does an income tax cut put more money back in your pockets, but it will also attract businesses that can offer good-paying careers to keep our young people here. It shows the nation that we are serious about wanting people and businesses to come – and stay – in Maine.

Unfortunately, voters approved a referendum question to raise the income tax to 10.15% on successful Maine households and small businesses. Enacting the second highest income tax rate in the country shows the nation we are eager to punish people for being successful. It will drive them out of our state and make it even more difficult to attract much-needed doctors, dentists, scientists, engineers and other professionals to Maine. They can live in neighboring New Hampshire, which takes no income tax from their paychecks. Even worse, there is no guarantee the extra revenue from this tax will go to fund education, as proponents promised.

As successful people leave Maine, state and municipal government will lose the significant amount they pay in property, sales and income taxes. This will put even more upward pressure on local property taxes. Municipalities will have to get more creative to provide local services without increasing property taxes. Reforming the tree growth program, collecting property taxes on land in conservation or preservation programs, charging a payment in lieu of taxes on state land that is taken off the property tax rolls and having non-profit organizations pay a two-percent tax on their net revenues are all ways for municipalities to increase revenues.

Such bold measures would take strong leadership and commitment from local officials and residents. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at [www.maine.gov/governor](http://www.maine.gov/governor).

## **Maine State Senator** *Dana L. Dow*

It is an honor to represent you in the Maine Senate, and I am grateful for the trust you have placed in me to work for the betterment of this community and our region.

I am proud of the results of the 127th Legislature which worked hard to continue reforming our state's welfare system and achieved the long sought-after goal of banning the purchase of alcohol, tobacco, and lottery tickets with welfare benefits. While there is more work to be done in reforming our welfare system, I believe these efforts will help deter such abuse of the system and help ensure that benefits are going to those who truly need them. The 127th Legislature also worked in a bipartisan fashion to begin addressing the drug crisis affecting our state. They approved putting 10 new drug enforcement agents on the street, as well as providing funding for treatment programs and drug use prevention efforts.

Improving Maine's economy remains an important issue facing many businesses. As a business owner, I understand that having a strong economy means a bigger tax base and lower property taxes. It will be my top priority over the next two years in Augusta to bring forward meaningful reforms that accomplish those goals and expand economic opportunity for all Mainers.

Maine's education system also needs attention and improvements. As a former teacher, I understand that our children are the next generation of small business owners, doctors, and teachers. The education policies that are decided in Augusta should put our children first. I will work with my colleagues in Augusta to support a budget that puts education first. If we can improve our education system and the economy in Maine, we can attract new businesses that will provide jobs to keep our children in the state after they graduate.

Again, thank you for entrusting me to represent you in Augusta. I look forward to working with you over the next two years. Please feel free to contact me if you ever need my help in navigating the state bureaucracy. I would be happy to assist in any way that I can. I can be reached in Augusta at 287-1505 or by e-mail at Dana.Dow@legislature.maine.gov.

## **Maine State Representative** *Michael G. Devin*

It is an honor to serve as your State Representative. I intend to work hard to retain your trust and build upon the work I've done in the Legislature over the past four years.

This year the Legislature will be taking up roughly 2000 bills, but our chief focus will be on passing a balanced budget for the next two fiscal years, addressing rising property taxes, ending the heroin crisis and implementing the four citizen initiatives passed by voters in November of 2016.

Lawmakers must also find common ground on measures that will help Maine's working families get ahead while making sure those who truly need help don't get left behind. I will work with anyone with good ideas about how to bring more jobs to Lincoln County, take care of our seniors, support our veterans, improve education and keep people warm during the winter.

Just as in previous years, I'll be continuing my work as co-chair of the bipartisan Veterans Caucus and as a member of the Legislature's Marine Resources Committee. As a marine biologist and as someone who represents many coastal communities in Lincoln County, I've been putting a lot of work into finding ways to address the many growing threats to our working waterfront, whether it's rising sea levels, a more acidic ocean or managing fisheries. Thousands of people depend on marine life – directly and indirectly – to make a living, and it's important to be a voice for them in Augusta.

Whether we are dealing with the above issues or any other topic, I remain ready to work with all of my colleagues, regardless of party affiliation, to make sure we're doing the best work we can for the people of our district and all the people of Maine.

Please contact me if I can be of any help or if you want to discuss or testify on any legislation. My email is [mick@mickdevin.org](mailto:mick@mickdevin.org) and my phone number is 975-3132. I also send out e-newsletters from time to time. Let me know if you would like to receive them.

## **Bristol Area Library** *Jacqueline Bennett, Librarian*

The Library had 9,671 adult visitors and 741 children this past year and they are coming for more than just the great collection of books and movies. Some of the services we offer include a free magazine table, a drop-off for the local food pantry, and a meeting space for local organizations. In addition to the local genealogy room, researchers have access to Ancestry.com, library edition. The Plein Air Group of artists has provided passes to the Farnsworth Museum for another year. Computer use and wireless technology continue to be important services to our patrons. Programs offered for the community this past year included art displays by local artists, knitting for all ages, author visits, story times and our Ready, Set, Read summer reading program for children.

In 2016 we were joined by 64 new members, giving us a present total of 1,446 adult and children members who signed out 10,100 books. Movies were borrowed 2,794 times. In addition to the 27,100 items available for checkout patrons have access to audio books and e-books through the Maine State Library's downloadable program and this past year 1,216 items were borrowed.

Membership dues finance 10% of the library's operating budget. Fundraising and donations are also an important part of our income and this year's fundraisers included our annual Book Sale, Plant Sale, Pie Sale, and Trivia Night at the Contented Sole. We also sell used books and greeting cards year round. This year the knitters raffled an afghan and donated the large proceeds to the library!

This year's Board of Trustees: Carol Jaegar, President; Judith Hope, Vice President; Sue Trouwborst, Recording Secretary; Bonnie Sablinsky, Treasurer; and Anne Merrill, Corresponding Secretary. Other trustees are Becky Cooper, Judith Cotton, John Marsili, Andrea Powell, Kathleen Riess, Glenn Riker, Mary Jane Smith, Mary Stevens, Laura Sproul Stubbs, and Bruce Swift. Our many thanks to Cathy Chase, Maggie Conger, Susan Taylor and Eveline Tierney, retiring board members.

Finally, a thank you to our loyal patrons, to our hard-working volunteers with 2,963 hours of service, to those who gave so generously to our annual appeal and to the Friends of the Bristol Area Library for supporting children's programs and funding our annual appeal. Many thanks also, to the town of Bristol for their support of \$14,500 in appropriations which is a very crucial part of our operating budget.

## **The Fishermen's Museum** *John Allan, Treasurer*

The Museum opened in 2016 for its 44th season at the Pemaquid Point Lighthouse Park and recorded attendance of 35,827 visitors, an increase of 15% over 2015.

We hear with greater frequency how important our collection has become for those visitors searching to discover the rich maritime history of our community, and in these times, the peace and serenity of our beautiful park.

Our website [www.thefishermensmuseum.org](http://www.thefishermensmuseum.org) has photo tours through our galleries and a complete history of the Lighthouse. Many archival documents and photographs are posted including the wreck of the Angel Gabriel, listings and information on all of our Maine Lighthouses, an illustrated How to Catch a Lobster pamphlet and much more. Please visit our website when you can't be there in person.

We continue to set records with the total amount of donations that The Fishermen's Museum has received and given to the Town of Bristol during these years. Our 2016 contribution of \$1,880.87 raises the total funds donated directly to the Town since 1972 to \$260,657.00. The donations we receive go directly to artifact restoration, exhibit maintenance and our small operating budget, with the balance donated to the Town of Bristol. Our Museum posters (suggested donation \$5.00) remain a favorite and our second printing continues to raise funds for our continued operation. Please stop by this year and get one for your wall or as a great gift.

Admission is free and The Museum is open during normal Lighthouse Park hours. Our collection of local fishing heritage includes original tools, traps, nets and artifacts, displays, dioramas, ships' logs and first person accounts of shipwrecks, along with rare and unusual items that presents the history of the Bristol community to visitors from home and away. We have also placed a number of photographs and other Museum artifacts in the Visitors Center. The Museum and Visitors Center at Lighthouse Park provide warm and inviting destinations for our friends and visitors all season long.

Our annual Scholarship has been awarded since the 1980s and is open to Bristol students who are pursuing a career in marine related activities including boat building, fishing, marine ecology and biology studies, marine engineering and other maritime fields. Information about our scholarship and applications can be obtained at the Lincoln Academy guidance office or on our website.

We are again fortunate to have enjoyed the support of a dedicated group of volunteers over the past 44 years. It is through their efforts and the enthusiastic support of the Bristol Park Commissioners that The Fishermen's Museum has been so successful. Thanks to all who contribute their time and continue to insure that our Museum remains an important educational and cultural destination for visitors and maritime scholars.

## **The Friends of Colonial Pemaquid** *Don Loprieno, President*

The summer of 2016 marked the tenth anniversary of the Friends of Colonial Pemaquid's annual program of special events which helps to preserve Colonial Pemaquid State Historic Site and enhance its educational, cultural and economic value for the people of Maine.

The opening of Colonial Pemaquid on Memorial Day Weekend each year features the Maine St. Andrews Pipes and Drums, who draw crowds to the skirl of the pipes and the boom of the drums as tunes of the British Isles waft across the parade ground by Fort William Henry, followed by a memorial salute for the veterans of all wars.

Every year, the fearsome pirate Dixie Bull, as portrayed by Maine author and living history presenter Jim Nelson, once again attacks Colonial Pemaquid as he did back in 1632. This summer Dixie will once more try to relieve visitors of their valuables and recruit children to join his irascible crew.

On July 4<sup>th</sup> weekend, the Friends present a public reading of the Declaration of Independence, complete with audience participation, thus helping to revive a custom that used to be widespread in America while serving as a reminder that the holiday is about much more than fireworks and parades.

Finally, the slate of special events is rounded off by a concert performance by Castlebay, the Bristol musical duo renowned for their classic blend of sea chanteys, folk tunes and original ballads.

The Friends of Colonial Pemaquid offers these programs at no charge to taxpayers – and hopes to offer more in the future. In January of this year, the Friends met with the Governor and received his approval to negotiate an expanded public-private partnership between the State of Maine and the Friends of Colonial Pemaquid. Such an arrangement would permit FOCP to have management responsibilities, forge closer ties with the local community, and retain the funds obtained from admission and other sources at the site level to increase maintenance and enhance development, all with oversight by the Commissioner of the Department of Agriculture, Conservation and Forestry, and the Bureau of Parks and Lands.

A similar arrangement between the state and the Friends of Ft. Knox in Bucksport has allowed that group to raise substantial funds because of its tax-exempt status, create new programs and expedite site maintenance. It has also saved significant sums for the State of Maine.

FOCP can provide the dedication, the commitment, and the continuity that's critical to achieve the potential for Colonial Pemaquid – a frontier outpost and the northernmost area of English influence in the 17th century – to grow and receive the national recognition it truly deserves.

We will apprise the public as new developments occur, and will be asking for your help to implement a new and exciting chapter for Colonial Pemaquid State Historic Site.

## Healthy Kids *Leslie Livingston, MS, Executive Director*

Healthy Kids is the child abuse prevention agency serving Lincoln County since 1985. We do primary prevention by supporting parents in their understanding of child development, temperament, brain development, and a host of other things that help them be the best parent they can be. Additionally, our programs help to foster networking amongst parents so as to eliminate isolation that can lead to depression. Finally, these programs help get families connected to other community resources so that they function to the best of their ability with the least amount of stress. Depression, stress.... can lead to challenges when parenting that can lead to abuse. Programs include home visiting, parent support groups, playgroups, classes and workshops.

Secondary prevention involves helping to not have abuse happen again. We work with DHHS, the sexual assault support programs, schools, courts... we also provide supervised visitation.

Please visit our website or call for more information, [www.healthykidsmaine.com](http://www.healthykidsmaine.com); 563-1818.

## Lincoln County Television *Mary Ellen Crowley, Executive Director*

Lincoln County Television (LCTV), established in 1991, is a non-profit organization that teaches video production, provides production equipment, and manages and distributes videos made and/or requested by local individuals and organizations in Lincoln County. LCTV programming can be seen on Spectrum Cable, Tidewater IPTV, and on the internet at [www.lctv.org](http://www.lctv.org).

**New Series and Shows in 2016** (not inclusive): *What's Cooking, Doc?* A series of shows featuring doctors from Lincoln Health sharing their culinary skills; taped at the Community Kitchen in Damariscotta by Scott Shott. *Old Bristol Historical Society*, a series of lectures taped by Dave Svens. Dave also produced *Legal and Medical Humanistic Perspectives of Aging with Attn. Robert Gregory and Dr. Robert Hunold*, *Don't Let the Blues Hang Around*, *Pemaquid from Above*, and a video of the radio interview he did with Jesse Owens in 1973. Jim Blier produced *Heaven's Blend Gospel Concert*, *Rev. Stephen L. Craft Defends Maine Governor Paul LePage*, *River Arts -The Maine Scene -Bluegrass Concert by the Sandy River Ramblers*, and *Bringing Operation Hope to Lincoln County*. Tam Green produced *The Making of a Wigwam*, *River Beats 2016*, *Montessori Damariscotta 2nd Annual Alumni Meet and Greet*, and *Inaugural Poet Richard Blanco at Skidompha*. Bruce Hilsmeier (our newest producer) produced *The Spiritual Possibilities of Aging with Rev. John Nieman*, and the *2016 Maine Summit on Aging*.

**Ongoing Local Programming:** Spotlight on Seniors, Wuzzup News, Lincoln Academy Basketball, Bristol Consolidated School's Annual Diversity Show, Lincoln County Oral History, Wuzzup Classics, Flying Maine, Lincoln County Historical

Association Lectures, Saint Patrick's Catholic Church Mass, GSB Spring Concert, Faith Baptist Church, Lincoln Academy productions, Annual Town Meetings, Lincoln County Candidates Forums, Seacoast Community and Youth Orchestras' Concerts, government meetings from Bristol, Damariscotta, Newcastle and Waldoboro, the annual Pumpkinfest Parade and the Pumpkinfest Regatta Live! LCTV also provides a TV Bulletin Board for local non-profits to advertise their services and events.

**New Developments in 2016:** With the invaluable help of Hannah Macgee of Hermit Thrush Designs, and LCTV interns Sammy Zaidi and Jim Blier, LCTV was excited to debut a new website in May of 2016. The search feature is a big improvement from the old website – it is much easier to find that one particular video out of the 1985 (and counting) videos we have available on our Video on Demand page.

In December of 2016, after several months of work, LCTV went live with an upgraded broadcasting system. It was about time -we had kept the old one going for 9 years! Dave Svens, volunteer extraordinaire, was primarily responsible for installing the new hardware and testing the software – not an easy task! This upgrade was made possible by a grant obtained by the Town of Damariscotta when they renewed their franchise agreement with the cable company. Thank you Town of Damariscotta! The new broadcast system enables the playing of HD videos so we will be ready whenever the cable company gets around to upgrading our channel to HD.

LCTV would like to take this opportunity to thank the towns of Alna, Bristol, Damariscotta, Edgecomb, Newcastle, Nobleboro and Waldoboro, and our business sponsors -*First Federal Savings, Hagar Enterprises, Mid-Coast Energy Systems, and Lincoln Health* -for their continued financial support.

"Video by the people, for the people" -please consider becoming a LCTV volunteer, producer or sponsor in 2017!

## New Hope for Women

New Hope for Women's mission is to provide services to people in Sagadahoc, Lincoln, Knox, and Waldo Counties affected by domestic violence, dating violence, and stalking. It also provides important educational resources to assist our communities in creating a safer and healthier future. Our services include:

- 24-hour crisis hotline that is operated by trained staff and volunteers
- Court advocacy and legal services, including an on-staff attorney
- Emergency shelter through a safe home network
- Support and education groups, including a Healing through Art group, community book club, groups for girls and boys in schools, and a group for incarcerated women at Two Bridges Regional Jail
- Community education programs that assist community partners in providing a consistent and helpful response to the needs of those affected by domestic

violence, dating violence, and stalking

- Prevention education and crisis response for students from pre-K through college in local schools, youth centers, and daycare centers
- Transitional housing services that over a 2-year period assists families in attaining self-sufficiency and permanent housing
- Direct services to Child Protective Services clients who are experiencing domestic violence through a collaboration that places a New Hope employee at the CPS office in Rockland
- Time for Change, a women's 48-week batterer intervention program certified by the Department of Corrections
- Courtesy of two family grants, New Hope has a half-time employee embedded at Oceanside High School in Rockland, and another working in Waldoboro half-time

## Old Bristol Historical Society

Formed in 2003, the Old Bristol Historical Society is a charitable and educational nonprofit corporation whose purpose is to collect, preserve, and share for the benefit of the public the artifacts and the oral, documentary, personal, and physical histories of our community. By involving local people and institutions it aims to foster a sense of community and pride in our collective past and future.

In 2016 OBHS added a number of important items to its collection. Among the donations received were old maps, photographs, club records, personal papers, and physical objects including ice cutting tools and a 1915 Bristol High School medal. Care was taken to properly house archival items in acid-free materials and to scan photographs to reduce the deterioration that comes from frequent handling. Participation in our Digital Image Archive (launched in 2014) also grew this year with over 1200 images "shared" by individuals who retain ownership of the originals. Images from the archive are currently being exhibited on our Facebook page. OBHS preservation efforts also include maintaining the historic McKinley Schoolhouse which this year received much-needed work on its outhouse.

OBHS continued to extend its educational outreach in diverse directions, striving to reach both students and adults, as well as individuals who are able to visit with us only through virtual media. We were very pleased to visit several times with our 5<sup>th</sup> grade students, the highlight being leading them on a day-long tour of Bristol's many historical sites in early June. Although we initiated and coordinated this tour, it was a true joint effort made possible only by the support and participation of a number of local historical organizations, business owners, and individuals.

This year we expanded our adult outreach by adding one winter talk in February and increasing the number of summer talks from five to six. Events were well attended and presentations were given by both local and professional speakers. Our talks were greatly enhanced by the purchase of a new, high quality projector and large-size screen. We also enjoyed sharing Bristol's history with the numerous

individuals who stopped by our booth at Old Bristol Days.

Finally, our outreach through virtual media increased dramatically this year. Lincoln County TV graciously accepted our request to record our summer talks and many are now available for viewing through the LCTV website. The number of visitors to the OBHS website continued to grow with particular interest being shown in the increasing body of genealogical materials posted by lifetime member and webmaster Paul Ring. Finally, the number of people following our Facebook page almost doubled this year, with over 500 people now viewing our weekly postings.

Our current Board of Directors is comprised of Belinda Osier and Chuck Rand, Co-Presidents; Daniel Purdy, Vice-President; Don Means, Treasurer; Kay Hannah, Pete Hannah, Robert Ives, Mollie Perley, Larry Hayter, Margaret Hayter, and Ann Lewis. Alison Lee currently serves as Secretary pro tempore.

## **The Pemaquid Group of Artists** *Will Kefauver, President*

The Pemaquid Group of Artists celebrated 88 years of continuous exhibition during the 2016 season – the last 56 years on the grounds of the beautifully maintained Lighthouse Park. One of the oldest artist organizations in Maine, PGA currently juries new members from artists residing in area townships of Bristol, South Bristol, Bremen, Newcastle, and Damariscotta. Gallery admission is free for park visitors.

We exhibit a diverse collection of artworks – including oil, pastel, watercolor, and acrylic paintings, as well as sculpture, ceramics and marquetry. Exhibiting artists continually update their work as others sell. This year we featured the art of 27 permanent members and three seasonal guest artists. We began our season on June 5th with an Opening Reception and from the 6th until October 10th we welcomed visitors and gallery patrons on a daily basis. We hosted a reception for gallery patrons in August and presented plein air demonstrations for park visitors during Open Lighthouse Day in September.

We continued our support of local arts education through financial donations to three area elementary schools, the preschool program Healthy Kids, and Lincoln Academy. We also funded a pass to the Portland Museum of Art, available free to Bristol and other Maine residents by reservation through Skidompha Library in Damariscotta.

We are grateful to our patron members, whose loyal enthusiasm mirrors that of our artist members, Board of Directors, and knowledgeable gallery attendants. During 2016, past PGA Board Member and exhibiting artist, Peggy Farrell assumed the responsibility of managing the gallery. To improve our visitor experience the membership funded a complete upgrade of our display lighting using LED fixtures to cut our electrical usage by an estimated 65%. Our website, [www.pemaquidartgallery.com](http://www.pemaquidartgallery.com), provides information about our artists, events and charitable activities.

Our very active Board is comprised of myself, Will Kefauver, President; Paul Sherman, Vice President; Bob Vaughan, Secretary; Judy Nixon, Treasurer; Julie Babb, Claire Hancock, Tony Kilburn, Marlene Loznicka, and Nancy McKinnon. We hope you will have the opportunity to visit us at the gallery in June of 2017 when we open our doors with an all new exhibit of the creative work of our new and existing members.

## **Pemaquid Watershed Association** *Jennifer Hicks, Executive Director*

In 2016 Pemaquid Watershed Association (PWA) celebrated its 50th anniversary. Since 1966 PWA has been conserving the natural resources of the Pemaquid Peninsula through land and water stewardship and education. The Pemaquid River Watershed is 47 square miles and nearly 20 square miles of it is in the town of Bristol where a portion of the river flows, along with the entirety of Boyd Pond, and a portion of Biscay Pond.

PWA is proud of the continued programming and services it provides all the citizens of Bristol. The major programs that PWA administered in 2016 included:

- Water quality monitoring at Pemaquid Beach and the Bristol Mills swimming hole during the summer months.
- Maintenance of the Bristol Recreational Trail.
- Providing public access to trails and shorefront in Bristol via Bass Rock, Bearce Allen, Crooked Farm, Hatchtown, La Verna, Little Falls Brook, and Moxie Cove Preserves.
- Staffing and programming at Beachcombers' Rest Nature Center at Pemaquid Beach Park.
- Providing free-of-charge to Bristol property owners comprehensive informational packets on pond stewardship, best land-use practices to minimize pollution, boating and fishing regulations, and boating safety.
- Implementation of the LakeSmart Program, which provides free technical advice to waterfront residents about property-care to safeguard water quality.
- Implementation of the Courtesy Boat Inspection program to educate boaters and help minimize the risk of spreading invasive aquatic plants.
- Litter pickups and other pollution prevention programs via our Keep Pemaquid Peninsula Beautiful initiative.
- Participation in the Bristol Dam Advisory Committee.
- Conducting a native garden project at the Bristol Consolidated School.
- Multiple free-of-charge guided paddle trips on the Pemaquid River and Boyd Pond.

To learn more about PWA and its upcoming events please visit our website [pemaquidwatershed.org](http://pemaquidwatershed.org). PWA thanks our volunteers, members, businesses, other agencies, and our local municipalities for their support of PWA's mission. PWA looks forward to continuing to serve the citizens of Bristol and helping to maintain and protect the quality of life for Bristol residents and visitors by keeping the land and water healthy.

## **Bristol School Department**

***Jennifer Ribeiro, Principal, Bristol Consolidated School***

***Steven Bailey, Superintendent of Schools, AOS 93***

***David Kolodin, Chair, Bristol School Board***

Bristol Consolidated School is experiencing a year of new opportunities and new faces. Over the past two years we have hired over six new teachers and at least six new professional staff due to retirements and new program needs! We have a strong academic program for grades PreK through 8 and are able to provide both enrichment and remedial programming for students. Our enrichment programming includes advanced math classes for students in grades 5, 7 and 8 this year. Students who participate in these classes through 8th grade are eligible to place in more advanced classes at the high school level. Most of our 8th grade advanced math students place out of algebra at Lincoln Academy and take the honors geometry class as freshman. Our students benefit from robotics club, choral groups, band ensembles, art buddies, yearbook club, and an after-school learning lab to name a few! In addition to the co-curricular choices we offer at least 7 athletic teams for students to participate in.

The focus in education over the past few years has been on supporting student growth and developing students with grit and perseverance. This growth mindset has encouraged students in making growth on academic standards, rather than seeing themselves labeled as the “smart” or “average” kid. Oftentimes the students who, at first, struggle to understand concepts, are the ones who have accomplished the most at the end of a unit. Focusing on progress with standards ensures that all the students are challenged appropriately throughout their school experience. The Bristol School teachers are learning to use a standards-based reporting system for student growth and hope to have this system ready over the next couple of years.

The school is in a great place this year to support the needs of more students at Bristol and throughout the AOS 93 schools. The Compass Program which is a positive behavioral support program for special education students from Bristol, Nobleboro, Jefferson and South Bristol started this September. This is a regional program that is financially supported by the sending schools. During this first year we have had between five and seven students participate. Students benefit from regular classroom instruction, social skills instruction, and special education programming based on their Individual Education Plans.

Bristol School classrooms continue to benefit from ever evolving technologies that stretch our students’ learning. We are amazed at the ease at which students can apply the new technologies to improve their learning. Students regularly utilize the technological resources available at BCS including iPads, 3-D printing, laptops, sensors, coding classes, robotics and items I have not even learned about yet to solve problems and enhance their learning. With this incredible access, we also work to support our students and families in making appropriate choices to keep students safe.

The Bristol School is an important resource to the community. The physical plant continues to be monitored to ensure timely upgrades and maintenance. This past year the gym floor was refinished, the gym wall resurfacing was completed and electronic controls were installed to monitor the heating system and maximize the efficiency of our newer propane boilers. Looking forward we are hoping to upgrade the parking lot to address safety concerns and improve drainage.

Lastly we continually seek ways to connect with parents and the community. We work to keep Bristol School a welcoming place for parents as well as students. The Parent-Teacher Organization continues to grow and support student programming and the Bristol Boosters completed a snack counter to serve refreshments from during basketball season. School events are sponsored to increase school spirit and community involvement including Bristol YMCA night, Devil Pride Week, Diversity Week and the annual Thanksgiving meal served by our kitchen staff to students and parents. The Bristol Masonic Lodge has sponsored their third Bikes for Books program this year which results in 18 students winning a new bike and helmet as a result of their reading efforts during the late winter and spring months!

These are just examples of all the wonderful things that go on at Bristol School. Not only are the students learning to be well rounded, responsible school community members, they are performing at high levels on state assessments. Last year Bristol Consolidated School students scored well above the state average in English Language Arts, Mathematics and Science and their results also showed growth as compared to the previous year. We have a lot to celebrate!

**Grades 9 -12:** Bristol has 91 students in grades 9-12, with 85 attending Lincoln Academy and six (6) students selecting other secondary school opportunities. These students continue to achieve to high levels. Lincoln Academy continues a very high placement level of students seeking post-secondary learning. Central Office Administrators of the AOS meet with the Head of School of Lincoln Academy and his Assistants regularly to align curriculum and refine plans to prepare our grade eight students for a successful transition and experience at the Academy.

We greatly appreciate your continued support of our PreK – grade 12 learners. Thank you.

## Lincoln Academy

### Winter 2017 School Report for Sending Towns

Lincoln Academy is an independent secondary school chartered in 1801 to serve the midcoast area. It offers a comprehensive program, including courses at all levels in the areas of English, Mathematics, Science, Social Studies, World Languages, Fine and Performing Arts, Technology Education, Physical Education, and Health. Regional Vocational, Alternative Education, and Special Education programs are available. On a ten-year cycle Lincoln Academy is accredited by the New England Association of Schools and Colleges (NEASC), and was most recently reaccredited in 2015.

In 2017 Lincoln Academy will have newly constructed/renovated fields for both the baseball and softball teams. Other new facilities include The Cable-Burns Applied Technology and Engineering Center (ATEC), Kiah Bayley Hall Dormitory, and the William A. Clark Athletic Field, which all opened in 2015.

**Governance:** Lincoln Academy is governed by an independent Board of Trustees. Officers include: Christine Wajer '85, President; Sarah Maurer, Vice-President; Dennis Prior '91, Secretary; Robert Nelson, Treasurer. Members include: Ann McFarland '73, Faustine Reny '01, Robert Baldwin '62, Stephen Dixon, Lisa Masters '83, Jon McKane, Karen Moran, William Morgner, Pam Gormley, Marcus Hutchins, and Hugh Riddleberger. David Sturdevant is Head of School.

**The Student Body, Day and Residential:** Lincoln Academy has a current enrollment of 587 students in the 2016-17 school year. The majority of students come from 16 local towns. 89 residential students come from 19 countries around the world. After 5 consecutive years of growth, the Residential population has met available housing capacity and for the foreseeable future will remain between 80 and 90 students.

**Graduates:** Of the 148 graduates in the Class of 2016, 102 enrolled in postsecondary education; 90 enrolled in 4-year colleges/universities, 12 enrolled in programs shorter than 4-year (2 year and certificate programs), 43 are employed/seeking employment, and 3 enlisted in military service.

**Curriculum:** Lincoln Academy remains committed to its comprehensive curriculum as we strive to meet the needs of all students. We have added new courses this year, including AP Computer Science Principles, Introduction to Design, Engineering and Technology, Wood Projects, Metal Projects, Mechanical Projects, and Introduction to Engineering Design. The new courses take advantage of the space and tools in the ATEC building, as well as serve our increasingly diverse population of day and residential students.

**Finances:** Unlike most independent schools, The Board does not set day tuition. Because most students' tuition is paid by their sending towns, the tuition is established by the State Department of Education using a formula based on average per pupil expenditures of Maine public high schools during the previous two years. The tuition for the 2016-17 school year was increased by 3.9% from the

prior year to \$10,530.49 per pupil. The Insured Value (IV) factor is an amount in addition to tuition intended to fund capital maintenance and debt service. The legislated IV factor amount of 10% was reduced in 2009 to 5% and remained at 5% through 2013-14. The legislature voted to partially restore the IV by voting to increase the amount to 6% of the calculated tuition figure for 2014-15. The 6% rate was carried over into 2016-17 and is \$631.83 per pupil for this year. While towns are allowed to continue to pay the full 10% and some of our area towns have done that in the past, this year all sending towns have elected to pay the mandatory 6% rate.

**Supporting Lincoln:** The state-determined tuition is simply not enough to provide the quality educational experience that Lincoln Academy promises to every student. Because of this, LA depends on support from donors to the Lincoln Fund to make up the deficit. Private contributions have allowed Lincoln to support programs and capital improvements. Money raised through the Lincoln Fund supports students and faculty, and is vital to the life of the school. Since 1997, over \$1.625M has been contributed to general operations, over \$715 for specific programs, and about \$15M for capital projects. Contributions to annual and capital campaigns provide for the perpetuation of and improvements to LA's programs and physical plant without increasing local taxes.

## **CLC Adult Education** *Ellen Dickens, Director*

CLC Adult and Community Education provided services to over 900 adults in 2016. We offered the HiSET high school completion program, assisted adults in preparing for college, worked with literacy students and English language learners, provided medical certificate programs and served up a wide variety of enrichment classes for all ages.

We provide basic literacy services along with high school completion classes free of charge in our Learning Center program on Tuesday and Thursday evenings and Monday mornings. Free College Transitions courses are offered through The Lincoln County College Connection (TLC3) – a cooperative program with 3 other Lincoln County Adult Education programs. Dozens of adults from Lincoln County participated in classes that will help them prepare for college through that program.

In 2015-16 we had only 4 students complete a high school credential, a lower number than usual for our program. Another 16 worked towards a high school credential or on basic language and math skills. Anyone 17 or older who is out of school and wants to earn a high school credential or who needs to improve their reading, writing or English language skills should contact us to get started.

We continue to work with Lincoln County Healthcare to provide vocational training in several medical programs. In response to the critical need for CNAs we started a CNA apprenticeship program to allow students to “earn while they learn”. In total we conducted 3 Certified Nursing Assistant courses with 24 students completing the program and receiving certification and employment. We were also able to offer CPR, CRMA and PSS classes.

Hundreds of students enjoyed the more than 120 low-cost, high impact courses offered in Community Education. We continued our combined brochure with the RSU40 Adult Ed brochure which offers a single point of information for classes throughout Lincoln County.

Thank you to each of our supporting towns for the funding that provides these important services. Information about all our programs and services can be found on our web site: <http://clc.maineadulted.org> or by calling us at 563-2811.

## **Independent Auditors' Report**

**William H. Brewer, Certified Public Accountant**

858 Washington Street, P.O. Box 306, Bath, Maine 04530

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the Town of Bristol, as of and for the years ended December 31, 2016 and 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund of the Town of Bristol as of December 31, 2016 and 2015, and the respective changes in financial position, and where applicable, cash flows thereof for the years then ended in accordance with

accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Bristol's basic financial statements. The introductory section and the combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them. *January 23, 2017*

# Management's Discussion and Analysis

**Fiscal Year Ended December 31, 2016**

The Municipal Officers of the Town of Bristol, Maine offer the readers of Bristol's financial statements this narrative overview and analysis of its financial activities for the fiscal year ended December 31, 2016. We encourage readers to consider the information presented in conjunction with additional information furnished in the basic financial statements and the accompanying notes to those financial statements.

## **The Financial Statements**

The financial statements presented herein include all activities of the Town of Bristol, Maine using the integrated approach as prescribed by GASB (Governmental Accounting Standards Board) Statement No. 34. The government-wide financial statements present the financial picture of the Town using the accrual basis of accounting. They present governmental activities (functions that are principally supported by taxes and intergovernmental revenues) and business-type activities (functions that are intended to recover all or a significant portion of their costs through user fees and charges) separately. These statements include all assets of the Town as well as all liabilities, including long-term debt.

The fund financial statements include statements for each of the three categories of activity: governmental, business-type and fiduciary. Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

## **Statement of Net Position and Statement of Activities**

The statement of net position and statement of activities report information about the Town and its activities as a whole. Excluding infrastructure, these statements include all assets and liabilities of the Town using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net position and changes to it. Net position is the difference between assets and liabilities, which is one way to measure the Town's financial health or financial position. Over time, increases and decreases in net position is one indicator of whether the Town's financial health is improving or deteriorating. Other factors to consider are changes in the Town's property tax base and the condition of its infrastructure. In the statement of net position and statement of activities, the Town's activities are separated as follows:

*Governmental activities:* Most of the Town's basic services are reported in this category, including public safety, public works, and general administrative services. Property taxes, excise taxes, user fees, interest income, cable television franchise fees and State and Federal grants finance these activities.

*Business-type activities:* Parks and Recreation is considered a "business-type"

activity. A fee is charged to visitors to cover costs associated with admission to and use of Bristol's parks. Parks and Recreation is completely self-supporting through admissions, rental income and other user fees and donations.

### **Fund Financial Statements**

The fund financial statements provide detailed information about the most significant funds, not the Town as a whole. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law or by grantor. In the Town of Bristol, these include worthy poor funds, cemetery funds and a small fund set aside for maintenance of the Rock Schoolhouse. Management, however, establishes other funds to help it control and manage money for particular purposes. During fiscal year 2016 Bristol had twelve "capital reserve" accounts: the Bridge Fund, the Building Fund, the Computer Fund, the Fish Ladder Fund, the Highway Equipment Fund, the Landings and Harbors Fund, the Revaluation Fund, the Parks Fund, the Learning Center Fund, the School HVAC Fund, the Fire Truck Fund and the Facility Maintenance Fund which offsets capital expenditures for Bristol's three fire stations.

### **Governmental Funds**

Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the remaining balances at year end that are available for spending. These funds are reported using an accounting method called "modified accrual", which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed, shorter-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The Town's governmental funds consist of the following:

*General Fund:* The general operating fund of the Town used to account for all financial resources except those required to be accounted for in another fund.

*Proprietary Funds:* When the Town charges customers for services it provides (business-type activities), these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and Statement of Activities.

*Fiduciary Funds:* The Town's fiduciary funds are held in trust for the benefit of others. These funds are not included in the government-wide financial statements and cannot be used to support general government activities and operations.

### **Governmental Activities**

The cost of all governmental activities in 2016 was \$7,243,643.22, an increase of \$248,233.82 in comparison to 2015. Some of the costs were paid by those who directly benefited from the programs, or by other governments and organizations that subsidized certain programs with operating grants and contributions. The

Town paid for the “public benefit” portion of governmental activities with property taxes and through additional sources such as excise tax, interest revenue, State revenue sharing, cable television franchise fees and other miscellaneous revenues. Town programs include education, general government, health and welfare, highways and bridges, protection, special assessments (County tax), and unclassified. Each program’s net cost (total cost less revenues generated by activities) is presented below. The net costs show the financial burden placed on the Town’s taxpayers by each of the functions:

<b>Governmental Activities</b>	<b>Net Cost 2016</b>	<b>Net Cost 2015</b>	<b>Net Cost 2014</b>
Education	3,989,021.73	3,908,168.61	3,881,166.86

<b>Total</b>	<b>7,243,643.22</b>	<b>6,995,409.40</b>	<b>6,816,109.43</b>

On December 31, 2016, Bristol’s net position for governmental activities totaled \$9,420,543.31. The net position as of December 31, 2015 was \$9,540,057.44, thus a decrease in net position of \$119,514.13 during fiscal year 2016.

### **Business-Type Activities**

The cost of the Town’s only proprietary fund, Bristol Parks and Recreation, was \$312,085.53. The amount paid by users of the system and raised through donations was \$319,430.62, resulting in a net gain of \$7,345.09.

### **Budgets and Budgetary Accounting**

The breakdown of actual expenditures for the year may be found in the Selectmen’s Financial Report which is part of the 2016 Annual Report of the Town of Bristol. This could be compared with the proposed budget for 2017 to ascertain potential increases or decreases in individual budgetary items.

### **Administrative Notes**

Bristol had four outstanding loans at the end of fiscal year 2016: a bond for school renovations which matures in 2018, a loan for the Partridge Bridge which matures in 2017, and two fire truck loans maturing in 2018 and 2023. The following is a comparison of total long-term debt as of December 31<sup>st</sup> of each fiscal year:

<b>FY 2016</b>	<b>FY 2015</b>	<b>FY 2014</b>
<b>367,143.86</b>	<b>552,936.57</b>	<b>734,647.60</b>

There was an increase in the County Tax assessment as compared with fiscal year 2015.

<b>FY 2016</b>	<b>FY 2015</b>	<b>FY 2014</b>
<b>1,246,397.72</b>	<b>1,173,094.24</b>	<b>1,136,243.47</b>

There was an increase in unappropriated surplus as compared with fiscal year 2014.

<b>FY 2016</b>	<b>FY 2015</b>	<b>FY 2014</b>
<b>1,181,527.00</b>	<b>986,212.63</b>	<b>985,190.48</b>

The mill rate increased from 7.90 per \$1,000.00 of valuation in fiscal year 2014 to 8.45 per \$1,000.00 of valuation in fiscal year 2015, then decreased to 7.90 per \$1,000.00 of valuation once more in 2016.

Education accounted for approximately 64% of the tax commitment followed by the County tax assessment at 20% and the Municipal budget at 16%.

Bristol’s financial position continues to be exemplary. The Municipal Officers continue to pursue ways to lower the cost of providing essential services to Bristol’s taxpayers while preparing for demands on infrastructure, increasing cost of education, the County tax commitment, decreased State revenues, and State and Federal mandates.

## Notes to Financial Statements

### NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Bristol conform to generally accepted accounting principles as applicable to governmental units.

#### 1. Financial Reporting Entity

The Town of Bristol was incorporated in 1765. The Town operates under a town meeting form of government.

In evaluating the Town of Bristol as a reporting entity, management has addressed all potential component units. The primary criteria for including a component reporting entity are the exercise of financial accountability by the Town of Bristol's municipal officials.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements.

#### 2. Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town's fire protection, recreation, public works, and general administrative services are classified as governmental activities.

In the government-wide Statements of Net Position, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts - net invested in capital assets; restricted; and unrestricted. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statements of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (fire, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits, and charges, etc.). The Statements of Activities reduces gross expenses (including depreciation) by related program revenues and operating and capital grants. Program revenues must be directly associated with the function (fire, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants. The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

### **3. Basic Financial Statements - Fund Financial Statements**

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues, and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

#### **a. Governmental Funds:**

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

##### **1. General Fund:**

General Fund is the general operating fund of the town. It is used to account for all financial resources except those required to be accounted for in another fund.

##### **2. Capital Projects:**

Capital Projects funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities and equipment.

##### **3. Fiduciary Funds:**

Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support town programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category) for the determination of major funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

##### **4. Proprietary Fund:**

The Proprietary Fund is the fund used to account for all financial resources relating to the Parks and Recreation Department. The generally accepted accounting principles applicable are those similar to business in the private sector.

### **4. Basis of Accounting**

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

#### **a. Accrual:**

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

**b. Modified Accrual:**

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

**5. Financial Statement Amounts**

**a. Cash and Cash Equivalents:**

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the investment in financial institutions as described in Section 5706 MRSA and securities as described in Sections 5711 through 5717 MRSA.

**b. Capital Assets:**

Capital assets purchased or acquired with an original cost of \$2,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 Years
Machinery and Equipment	5-10 Years
Improvements	10-20 Years
Other Infrastructure	10-50 Years

**c. Revenues:**

Substantially, all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

**d. Expenditures:**

Expenditures are recognized when the related fund liability is incurred.

**e. Deferred Inflows and Outflows of Resources:**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until that time. The deferred outflows relate to the net pension liability, which include the Town's contributions subsequent to the measurement date, which is recognized as a reduction of the net pension liability in the subsequent year. They also include changes in assumptions, differences between expected and actual experience, and changes in proportion and

differences between Town contributions and proportionate share of contributions, which are deferred and amortized over the average expected remaining service lives of active and inactive members in the plan.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The deferred inflows relate to the net pension liability, which include the differences between expected and actual experience and changes in proportion and differences between Town contributions and proportionate share of contributions, which is deferred and amortized over the average expected remaining service lives of active and inactive members in the plan. They also include the net difference between projected and actual earnings on pension plan investments, which is deferred and amortized over a five-year period.

**f. Use of Estimates:**

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**g. Fund Balance:**

In accordance with GASB Statement No. 54, the Town employs terminology and classifications for fund balance items as follows:

Nonspendable fund balances includes amounts that cannot be spent because they are not in spendable form or legally or contractually required to be maintained intact.

Restricted fund balances represent those portions of fund equity that have externally enforceable legal restrictions.

Committed fund balances are amounts that can be used only for specific purposes because of a formal action taken by town government. The fund balances in the Capital Projects Fund are in this category.

Assigned fund balances are amounts that the Town intends to use for specific purposes. The Board of Selectmen approved carryovers are included in assigned fund balances.

Unassigned fund balances are all amounts in the General Fund that are not assigned to another category. Only the General Fund can have an unassigned fund balance.

**NOTE B - CASH:**

The Town's cash is categorized to give an indication of the level of risk assumed by the Town at year end. These Categories are defined as follows:

Category #1 - Insured or collateralized with securities held by the Town or by its agent in the Town's name.

Category #2 - Collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name.

Category #3 - Uncollateralized (This includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Town's name.)

At December 31, 2016 cash consisted of:

ACCOUNT TYPE	CARRYING AMOUNT	BANK BALANCE	CATEGORY #1	CATEGORY #2	CATEGORY #3
Interest Bearing Accounts	2,818,654.13	2,955,247.13	2,955,247.13	-	-

**NOTE C - ACCOUNTS RECEIVABLE:**

Accounts Receivable consists of the following:

State Homestead	6,200.00
State General Assistance Reimbursement	1,176.00
	<b>7,376.00</b>

**NOTE D - NOTES AND BONDS PAYABLE:**

	<b>367,098.86</b>	<b>22,842.72</b>	<b>389,941.58</b>

#### **NOTE E - GENERAL FUND BUDGET:**

The Town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles on which amounts for appropriations have been recommended by the Board of Selectmen and/or the budget committee.

#### **NOTE F - ASSIGNED FOR OTHER PURPOSES:**

Historically, the townspeople vote to carry certain departmental unexpended balances forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

General Government	54,030.77
Education	944,116.85
Highways and Bridges	144,657.70
Protection	26,009.48
	<b>1,168,814.80</b>

#### **NOTE G - REVENUE RECOGNITION - PROPERTY TAXES:**

The Town's property tax for the current year was levied June 8, 2016 on the assessed value listed as of April 1, 2016 for all taxable real and personal property located in the Town. Taxes were due September 15, 2016 with interest at 7% per annum or part thereof commencing September 16, 2016.

Tax liens are filed against delinquent real estate taxpayers after eight months but within one year of the original tax commitment. If the tax, interest, and costs have not been paid eighteen months after the filing of a lien certificate then the lien is automatically foreclosed.

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within sixty days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within sixty days after the year end.

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within sixty days after year end as stated above.

**NOTE H - MAINE PUBLIC EMPLOYEES RETIREMENT SYSTEM:****Summary of Significant Accounting Policies**

**Pensions** - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows for resources related to pensions, and pension expense, information about the fiduciary net position of the Maine Public Employees Retirement System State Employee and Teacher Plan (SETP Plan) and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Maine Public Employees Retirement System*****General Information about the Pension Plan***

**Plan Description** - Teaching-certified employees of the Town of Bristol are provided with pensions through the Maine Public Employees Retirement System State Employee and Teacher Plan (SETP Plan), cost-sharing multiple-employer defined benefit pension plans, administered by the Maine Public Employees Retirement System (MPERS). Benefit terms are established in Maine statute. MPERS issues a publicly available financial report that can be obtained at [www.maineopers.org](http://www.maineopers.org).

**Benefits provided** - The SETP Plan provides defined retirement benefits based on members' average final compensation and service credit earned as of retirement. Vesting (i.e. eligibility for benefits upon reaching qualification) occurs upon the earning of five years of service credit. In some cases, vesting occurs on the earning of one year of service credit immediately preceding retirement at or after normal retirement age. For SETP members, normal retirement age is 60, 62, or 65. The normal retirement age is determined by whether a member had met certain creditable service requirements on specific dates, as established by statute. The monthly benefit of members who retire before normal retirement age by virtue of having at least 25 years of service credit is reduced by a statutorily prescribed factor for each year of age that a member is below her/his normal retirement age at retirement. MPERS also provides disability and death benefits, which are established by statute.

**Contributions** - Employee contribution rates are defined by law or Board rule and depend on the terms of the plan under which an employee is covered. Employer contributions are determined by actuarial valuations. The contractually required contribution rates are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

**SETP Plan** - Maine statute requires the State to contribute a portion of the Town's contractually required contributions. Employees are required to contribute 7.65% of their annual pay. The Town of Bristol's contractually required contribution rate for the year ended December 31, 2016 was 13.38% of annual payroll of which 3.36% of payroll was required from the Town and \$129,835.82 was required from the State. Contributions to pension plan from the Town was \$44,523.63 for the year ended December 31, 2016.

***Pension Liabilities, Pension Expense, and Deferred Outflows and Deferred Inflows of Resources Related to Pensions***

The net pension liabilities were measured as of June 30, 2015 and the total pension liabilities used to calculate the net pension liabilities were determined by actuarial valuations as of

that date. The Town's proportion of the net pension liabilities were based on projections of the Town's long-term share of contributions to the pension plans relative to the projected contributions of all participating School Administrative Units and the State (SETP Plan), actuarially determined.

**SETP Plan** - At June 30, 2015, the Town reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the Town. The amount recognized by the Town as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the Town were as follows:

Town of Bristol's Proportionate Share of the Net Pension Liability	24,019.00
State's Proportionate Share of the Net Pension Liability Associated with the Town of Bristol	1,509,379.00
<b>Total</b>	<b>1,533,398.00</b>

At June 30, 2015, the Town of Bristol's proportion of the SETP Plan was .001778%.

For the year ended December 31, 2016, the Town recognized pension income of \$17,542.87 and revenue of \$129,835.82 for support provided by the State for the SETP Plan. At December 31, 2016, the Town reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences Between Expected and Actual Experience		167.00
Changes in Assumptions	662.00	
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	5,082.00	6,169.00
Changes in Proportion and Differences between Town Contributions and Proportionate Share of Contributions	13,514.00	8,843.00
Town Contributions Subsequent to the Measurement Date	42,333.80	
<b>Total</b>	<b>61,591.80</b>	<b>15,179.00</b>

\$42,333.80 is reported as deferred outflows and resources related to pensions resulting from the Town of Bristol's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liabilities in the year ended December 31, 2017. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

**Year ended December 31:**

2017	8,862.00
2018	(5,267.00)
2019	(786.00)
2020	1,270.00

**Actuarial assumptions** - The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	SETP Plan
Inflation	3.5%
Salary Increases, per year	3.5% - 13.5%
Investment return, per annum, compounded annually	7.125%
Cost of living benefit increases, per annum	2.55%

Mortality rates were based on the RP2000 Combined Mortality Table projected forward to 2016 using Scale AA.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2005 to June 30, 2010.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2015 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
US Equities	20%	5.2%
Non-US Equities	20%	5.5%
Private Equity	10%	7.6%
Real Estate	10%	3.7%
Infrastructure	10%	4.0%
Hard Assets	5%	4.8%
Fixed Income	25%	0.7%
Total	100%	

**Discount Rate** - The discount rate used to measure the total pension liability was 7.125% for the SETP Plan. The projection of cash flows used to determine the discount rates assumed that employee contributions will be made at the current contribution rate and that contributions from participating local districts will be made at contractually required rates, actuarially determined. Based on these assumptions, the pension plans' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liabilities.

**Sensitivity of the Town of Bristol's proportionate share of the net pension liabilities to changes in the discount rate** - The following presents the Town's proportionate share of the net pension liability calculated using the discount rate of 7.125% for the SETP Plan, as well as what the Town's proportionate share of the net pension liability would be if it were calculated using the discount rate that is 1 percentage-point lower 6.125% for SETP Plan or 1 percentage-point higher 8.125% for SETP Plan than the current rate:

	1% Decrease (6.125%)	Current Discount (7.125%)	1% Increase (8.125%)
SETP Plan			
Town of Bristol's Proportionate Share of the Net Pension Liability	42,051.00	24,019.00	9,000.00

**Pension Plan Fiduciary Net Position** - Detailed information about the pension plan's fiduciary net position is available in the separately issued MPERS financial report.

**Payables to the Pension Plan** - none as of December 31, 2016.

**NOTE K - RISK MANAGEMENT:**

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. All significant losses are covered by commercial insurance. There has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

**NOTE L - INTEREST COST INCURRED:**

During the current year the Town incurred interest costs totaling \$15,012.32 which was charged as an expense to various accounts.

**NOTE M - OVERLAPPING DEBT:**

The Town of Bristol is situated in Lincoln County and is therefore subject to annual assessment of its proportional share of county expenses. Long-term debt outstanding in Lincoln County for which the Town of Bristol would be proportionally responsible in the event the County defaulted, is approximately \$6,169,305.00 at December 31, 2016. The Town of Bristol's share would be 13.11% of the debt, or approximately \$808,795.00.

**NOTE N - EXPENDITURES IN EXCESS OF APPROPRIATIONS:**

During the year there were overdrafts in Abatements and Marsh Island tax which historically have not been appropriated but rather are funded from unappropriated surplus.

**NOTE O - JOINT VENTURE:**

The Towns of Bristol and South Bristol have entered into an interlocal agreement to provide for solid waste disposal facilities for the two communities. The joint venture is administered by a joint board composed of the Board of Selectmen from each town. All costs and revenues are shared in the ratio of 60% - Bristol and 40% - South Bristol.

The following is a summary of the joint venture financial statements:

	TOTAL	BRISTOL'S SHARE
Total Assets	323,495.27	194,097.16
Total Liabilities	39,920.40	23,952.24
<b>Total Net Position</b>	<b>283,574.87</b>	<b>170,144.92</b>

<b>Change in Net Position</b>	<b>25,946.14</b>	<b>15,567.69</b>

Bristol's assessments paid to the joint venture in 2016 totaled \$240,431.84 and are recorded as expenditures.

**NOTE P - DEFERRED REVENUE:**

Deferred Revenue consists of the following:

Prepaid 2017 Taxes	1,664.62
State Revenue Sharing	1,216.93
	<hr/>
	<b>2,881.55</b>

**NOTE Q - SUBSEQUENT EVENT:**

Management has made an evaluation of subsequent events to and including the audit report date, which was the date the financial statements were available to be issued, and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.

ARTICLES 15 & 16 RAISE FUNDS FOR THE PROPOSED SCHOOL BUDGET

School Budget Funding Explanation

Art. 15 Required (EPS) Local Raise Amount Estimate .....	2,667,341.88
Art. 16 Additional Local Raise Amount Estimate.....	<u>1,402,889.44</u>
<b>Total Local Funds Raised.....</b>	<b>4,070,231.32</b>
Fund Balance Forward.....	275,000
State Subsidy Estimate .....	<u>134,213.30</u>
<b>Total School Budget Request .....</b>	<b>4,479,444.62</b>

ARTICLE 15

To see what sum the Town will appropriate for the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (School Committee recommends \$2,667,341.88) and to see what sum the Town will raise as the Town's contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with Maine Revised Statutes, Title 20-A, section 15688.

**School Committee recommends..... 2,667,341.88**  
**Budget Committee recommends ..... Same**

*continued next page*

*Explanation: the Town's contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by state law to be the minimum amount that a municipality must raise in order to receive the full amount of State dollars.*

**ARTICLE 16**

**(Written ballot required)** To see what sum the Town will raise and appropriate in additional local funds (**School Committee Recommends \$1,402,889.44**), which exceeds the State's Essential Programs and Services allocation model by **\$1,207,747.28**, as required to fund the budget recommended by the School Committee.

**The School Committee recommends \$1,402,889.44** for additional local funds and gives the following reasons for exceeding the State's EPS funding model by **\$1,207,747.28**:

*Explanation: The additional local funds are those locally raised over and above the Town's local required contribution to the total cost of funding public education from pre-kindergarten to grade 12 as described in the Essential Programs and Services Funding Act, and local amounts raised for delivery of special education services, intervention services for students needing additional assistance, and to provide classroom instruction as deemed appropriate by the administration, the Bristol School Board and the residents of the town so as to help achieve the Town budget for educational programs.*

**ARTICLE 17 AUTHORIZES EXPENDITURE OF GRANTS AND OTHER RECEIPTS FOR EDUCATION PURPOSES**

**ARTICLE 17**

Shall the Bristol School Committee be authorized to expend such sums as may be received from federal or state grants or programs or other sources during the fiscal year for education purposes provided that such grants, programs or other sources do not require the expenditure of other funds not previously appropriated?

**School Committee recommends approval.**

**ARTICLE 18 AUTHORIZES THE ADULT EDUCATION PROGRAM**

**ARTICLE 18**

To see if the Town will appropriate \$113,460.00 for ADULT EDUCATION and raise \$10,068.00 as the local share; with authorization to expend any additional, incidental, or miscellaneous receipts in the interest and for the well-being of the adult education program.

<b>Request to Selectmen .....</b>	<b>\$10,068.00</b>
<b>Selectmen recommend (3-0) .....</b>	<b>\$10,068.00</b>
<b>Budget Committee recommends (9-0) .....</b>	<b>Same</b>

**ARTICLE 19**

To see if the Town will vote to authorize the Selectmen to carry forward the unexpended balances of accounts as indicated in the 2016 Audit report, copies of which are in the Annual Report, on the Town's website, and on file in the Town Office.

**ARTICLE 20**

To see if the Town will vote to authorize the municipal officers to spend an amount not to exceed 3/12 of the budgeted amount in each budget category of the 2017 annual budget during the period from January 1, 2018 to the 2018 Annual Town Meeting.
