## Comprehensive Plan – Population, Economy & Fishing MINUTES

**Monday, August 16, 2021, at 8:00 a.m.  
New Harbor Fire Station**

**Present:** Jamie Doherty, Jason Sewall, Tom Bishop, RoseAnne Holladay

Reviewed a draft of survey question this sub-committee should have on the survey. Many things are already there but there are some additions. Group will give some thought and I will update and send to Jessica this week.

We will make a list of additional data we need and file a “data request form”

Discussed the state’s requirements for our sections and see that what really matters is the commentary based on the data we show.

We will put raw data on the CPC web page per Alfred’s request but will not add commentary as it is way too soon.

We will start to put together a Power Point Document that follows Tom’s outline. RoseAnne will do population Section; Tom the worker/employment section; Jamie taxable sales, fishing, and tax valuation; Jason will set up the format.

Next meeting will be 8:00, third Monday, 20 Sept. at New Harbor firehouse.
