

Bristol Fish Committee Minutes

Bristol Town Hall

Feb 10, 2022

Committee Members Present: Jay Crooker, Rick Poland, Tyler Cheney, Alison Hanley Lee

Meeting was called to order at 4pm.

Next meeting March 3, 2022. Time change to 7pm.

Fish Ladder Progress:

Adam Sprague's estimate for the steel footbridge was discussed. We have decided to go with a wooden bridge to save money. Jay spoke to Coastal rivers association about combining efforts to build a wooden bridge. The price estimate would be around \$5000.00 for a 22' wooden bridge with the help of CRA and possibly the grant from Parks and rec.

Handicap signage for parking was discussed. No decision made.

Rick has left the spillway open all winter.

Other Business:

Alison will call Chris Hall to check on the fish committee's finances. A call was placed to Adam Sprague to thank him for the estimate and to let him know of our decision.

Meeting adjourned at 5pm
