

Bristol Fish Committee
Minutes
Bristol Town Hall
March 3, 2022

Committee Members Present: Jay Crooker, Rick Poland, Shannon Mahan, Alison Hanley Lee.
Community member: Dan Mocarski

Meeting was called to order at 7pm.

Next meeting April 7, 2022 at 7pm Bristol Town Hall.

Fish Ladder Progress:

- A decision was made to put in a temporary foot bridge across the top of the fishway. We are looking to borrow a aluminum ramp or something similar for the Run this year. Shannon, Rick and Jay are working on that project.
- We are changing the count times for this year. The new count time will start at 4am to 8pm, 2 hour time slots and the count time will be 20 minutes. Jay will email M Brown, DMR with the update.
- The river clearing will start the end of April. Date to be determined at the next meeting. Tentative date April 26, 2022.
- Rick's collection box will go up in April.
- We discussed signs for directing people to the fish way and to avoid cars going over the Redonett bridge (for safety reasons).
- Jay spoke with Coastal rivers about building and permanent footbridge to go over the top of the fishway.
- Alison will ask Rachel Bizzaro if she can update the website with the new brochure.

Other Business:

- Dan Mocarski from OBHS asked about making a video of the river for display purposes over at the new Pemaquid Mill Museum. Further discussion to happen over the next month.

Meeting adjourned at 8:30pm
