* There are two reasons for the licensing of dogs: the control of rabies and identification of the owner when a dog is found at large. Licensing a dog costs only \$6 for altered dogs and \$11 for unaltered and can be done at the Town Office, or online (follow the links from www.maine.gov). A new license can be obtained at any time during the year once the dog has reached 6 months of age. Renewals can be done from October 15 through January 31, after which a \$25.00 late fee is charged. (*Certificates of neutering and rabies vaccination must be presented*). The Town asks that all dog owners comply with State Law by licensing their dogs and by controlling the behavior of their dogs at all times, either by voice control or by restraint.

Number of Homestead Exemptions	696
Exemption Total	\$4,976,400.00

Total Taxable Valuation Less Exemptions \$ 774,837,640.00

The Collection of Taxes

Assessments are based on the status of properties on April 1st of the tax year. Valuations can be adjusted at any time during April, or until the taxes have been committed to the Collector. Upon commitment the valuations become permanent record and can be changed only through the abatement process. Tax bills will be mailed to the owner of record as of April 1st, and if known to the Town, a copy will be mailed to any new owner. It is interesting to note that in Maine, the tax bill is not a legal requirement.

The due date and the interest rate for late payment are determined by vote of the Townspeople at the March Annual Town Meeting. In 2011, the Selectmen will recommend September 15 for the due date and 7% for the interest rate on late tax payments (7% is the maximum rate allowable in 2011, as set by the State Treasurer). Prepayment of taxes in any amount will be accepted at any time.

The Lien Process

Between eight and twelve months after the tax commitment, the Treasurer will place a lien on all real estate with unpaid taxes. The costs of the lien are paid by the Town and must be paid by the delinquent taxpayer before the lien can be discharged. If the lien remains unpaid for 18 months after being recorded, the Town becomes the owner of the property. At this point the prior owner may negotiate with the Selectmen to buy back the property, or the Town can sell the property at auction.

Homestead Exemption

You are entitled to a Homestead Exemption if:

1. You are a legal resident of Maine as of April 1st, 2011 and have owned a homestead property here for at least the last 12 months;
2. That property has been your permanent residence for the past 12 months;
3. It is the only property for which you are claiming a homestead exemption.

If you are already receiving this exemption, there is no need to reapply. If not, applications are available at the Town Office and must be filed before April 1st.

Pemaquid Watershed Association

Donna Minnis, Executive Director

Pemaquid Watershed Association (PWA) began in 1966 and is a member-supported non-profit organization with a mission to conserve the natural resources of the Pemaquid Peninsula through land and water stewardship and education, focusing on the 47 square miles of Pemaquid River watershed. PWA has 860 members and growing. Highlights of 2010 PWA programs that directly benefitted Bristol are:

- Initiation of water quality monitoring at the Bristol Mills Swimming Hole as a service to the Town for safeguarding public health and protecting environmental quality.
- 7th year of staffing and programming at Beachcombers' Rest Nature Center at Pemaquid Beach Park, which reached nearly 2,200 children and adults in the 2010 season.
- 2nd year of an educational Butterfly Garden at Pemaquid Beach Park.
- 8th year of water quality monitoring at Pemaquid Beach.
- 20th + year of leading a Coastal Cleanup of the Pemaquid Point shoreline.
- Leading a litter pickup along Route 130.
- Providing public access to open space and shorefront via maintenance of the 6 nature preserves that PWA owns in Bristol: Crooked Farm (co-managed with DRA), Bearce-Allen, Little Falls Brook, Bass Rock, Moxie Cove, and La Verna Preserves.
- Maintenance of the Bristol Recreational Trail.
- 8th year of coordinating an annual gathering for citizens with specific interest in BiscayPond (the "PWA BiscayPonders") to provide education about pond management and to facilitate sharing of concerns and updates about conservation efforts related to the pond.
- 6th year of the Courtesy Boat Inspection program to educate boaters and minimize the risk of undesirable plants invading the Pemaquid-area ponds.
- 2nd year of coordinating the LakeSmart program for Biscay Pond shoreline residents, providing free technical assistance to help landowners protect pondwater quality.
- 6th year of a summer day camp program for children in July. In 2010, 3 Bristol children attended PWA's summer camp, and all of them received a scholarship from PWA to cover the cost of camp.

PWA exemplifies a grassroots movement powered collectively by – and with sincere gratitude to — individuals and businesses, volunteers, friends, and our local municipalities. PWA looks forward to continuing to serve the citizens of Bristol and helping to protect this beautiful. PWA thanks the Town of Bristol for its ongoing support of our mission. *

Bristol Fire & Rescue

Paul Leeman, Jr., Fire Chief

During the year 2010 Bristol Fire & Rescue members responded to 353 emergency calls. There were 229 medical calls; 45 motor vehicle accidents; 33 fire calls; 8 water rescues; 31 downed power lines; 2 mutual aids calls; 2 search and rescues, and 3 hazmat calls. This represents 49 fewer calls than in 2009, with the reduction of motor vehicle accidents by 35.

In order to keep with our mission statement of providing the highest level of service to protect life, property, and the environment, we have continued to encourage and support those members wanting to further their skills with outside training and education. This is in addition to the mandatory and in-house training required of all members. This past year such training included a Fire Officer's class, advanced incident command classes, and training with mutual aid towns in the areas of vehicle extrication and hydrants. Three members, William Bradford, Paul Leeman III, and Jordan Powell completed a 240 hour Firefighter I II course which gives them national certification.

A new driver policy was enacted which requires all members to successfully complete EVOC, (Emergency Vehicle Operating Class) and to qualify on each piece of apparatus before they may operate such vehicle. A driver training committee of three members, along with the Chief, must sign off on each member before he or she can operate any fire apparatus. This system is going to be a new State of Maine mandate for all fire departments some time in 2011.

I would like to thank the members and especially their families for their sacrifice of many hours away from home in order to advance their firefighting skills. Positive support from our families allows us to better serve and protect the Town of Bristol. A special thank you goes out to those employers who allow employees to respond to emergencies during daytime working hours.

The 1978 Mack 3,500 gallon tanker, which was housed in the Round Pond station, was taken out of service last summer. This, along with the age of the 1980 Bristol Tank 3 will require us to discuss a replacement tanker within the next few years. Additionally, we plan to install five more dry hydrants throughout the town in order to make water more widely accessible.

Through the continued grant writing efforts of 3rd Assistant Chief Tim Miller, we received a grant of \$123,085.00 to fund the upgrade of most of our turnout gear and SCBA's (Self Contained Breathing Apparatus). Bristol Fire & Rescue matched the grant with \$6,154.00 bringing the total money awarded to \$116,931.00. As a result of this federal grant and the money received by the generosity of so many, we were able to purchase 14 SCBA's; 26 fire helmets; 29 turnout coats, and 27 turnout pants, supplying our members with state of the art personal protective equipment and enabling them to carry out their jobs in the safest manner possible.

A special thank you goes out to the Bristol Fire & Rescue Ladies Auxiliary for

Continued

their fund raising efforts and continued support. We are grateful to have this fine group of people working for the good of our department, and with their support we continue to participate in the annual Easter egg hunt; the Round Pond 4th of July parade; Olde Bristol Days; the Alvin Sproul Samoset Road Race; fire education training with the Bristol School, and Santa's arrival by helicopter at the Pemaquid Lighthouse Park.

For your safety, and to allow for the quickest response time, there is still a need to remind everyone to post your house number in a very visible location so it can be seen coming from all directions. Additionally, private driveways and roads need to have trees and branches cut 12 feet high and 15 feet wide to allow the passage of a fire engine or ambulance. *In case of an emergency dial 911*

My first year as Fire Chief was a challenging, yet very rewarding one. I look forward to another year and will continue to bring my very best effort to this position. I want to thank all who continue to support this fine organization through their generous donations. It is a privilege and a pleasure for every member of Bristol Fire & Rescue to serve the Town of Bristol. Thank you. *

Fishermen's Museum

John Allan, Treasurer

During 2010, our 38th season, the Fishermen's Museum's collection of local marine artifacts and pictures documenting the strong fishing heritage of the Pemaquid region was enjoyed by more than 37,000 visitors. Your community Museum is open to all during normal Lighthouse Park hours and admission is free. Our collection of local fishing heritage includes original tools, traps, nets and artifacts, displays, diorama's, ships logs and first person accounts of shipwrecks, along with rare and unusual items that presents the history of the Bristol community to visitors from home and away. The Museum provides a warm and inviting destination for our friends and visitors all season long.

We are fortunate to have the support of a dedicated group of volunteers over the past 38 years. Through their efforts, and the enthusiastic support of the Bristol Park Commissioners the Fishermen's Museum has been so successful. Thanks to all who contribute their time and continue to insure that our Museum remains an important educational destination for visitors and maritime scholars.

Donations we receive go directly to artifact restoration, exhibit maintenance and our small operating budget; the balance has always been donated to the Town of Bristol. In 2010 our contribution was \$2,697, bringing total donations from the Museum to the Town of Bristol since our opening to \$246,674.

We note sadly the passing of Board member Barbara Marshall in January. Barbara was an original supporter and volunteer at the Museum from its inception and one of our most dedicated advocates since. Her wisdom, generous volunteer work and great sense of humor during this time helped make the Museum a special destination for visitors and friends on Pemaquid Point. *

Bristol Area Library

Jacqueline Bennett, Librarian

The library is dependent on our 28 wonderful weekly volunteers who worked over 2000 hours this past year, and our part-time volunteers who gave an additional 600 hours working on the annual book, plant and pie sales. Many positive comments have been made on the improved look of our garden, which is the result of a lot of physical labor by volunteers committed to enhance the exterior of our library. On May 19th we honored our volunteers, and took a moment to remember Katie Achorn and Zilpha Curtin, both of whom passed away this year.

The library welcomed over 7900 adult and 1100 children visitors during the year. We were joined by 104 new members, bringing our total membership to 1466. We circulated 12,164 printed materials, 1112 audio books, 1765 VHS, and our DVDs were signed out 2627 times. The free passes offered by the Coastal Maine Botanical Garden were signed out 42 times.

This completes our first year with a new web-based circulation program which can be accessed at: <http://bal.tidewater.net>. Computer use continues to grow and is an important service to our patrons, as is our wireless capability.

We received a \$10,000 grant from the Stephen and Tabitha King Foundation. We added 9 new ceiling fans and upgraded most of our computers. We added two new computers for public use, two laptops for patron use inside the building and we upgraded our server, the computer at the front desk and our catalog search computer. We were also awarded \$1408.20 worth of children's books from the Libri Foundation and we chose 82 books, concentrating mostly on youth nonfiction.

Programs offered to the community this past year included art displays by local artists, knitting for all ages and author visits. Through a grant from the Maine Humanities Council we offered a discussion series, "Working America." For children we were able to offer some great summer programs under the theme "Make a Splash@ your library." Several businesses offered wonderful prizes for the participants of the Summer Reading Program and many local people donated their time and talents for the activities. In addition to the summer programs, we continued to offer Friday and Saturday morning story times for children throughout the year and we enjoyed several visits from the Bristol Consolidated School kindergartners during the school year. We are also thankful to the Friends of the Bristol Area Library for their support of time and financial assistance.

This year's board of trustees are Kathleen Riess, President; Carol Jaeger, Vice President; Sue Trouwborst, Recording Secretary; Bonnie Sablinsky, Treasurer and Roberta Watson, Corresponding Secretary. Other trustees are Jim Austin, Cathy Chase, Becky Cooper, Vera Havens, Judith Hope, Andrea Powell, Susan Taylor, and our newly appointed members Eveline Tierney and John Marsili. Our many thanks to Doug Comstock and Ray Cragin, retiring members.

Continued

We continue through various ways to increase our income as our expenses rise and we offer a special thanks to our loyal patrons and to those who gave so generously to our annual appeal. We appreciate the support we received from local organizations and many thanks also, to the town of Bristol for their support of \$13,000 in appropriations. ✱

Pemaquid Group of Artists

Kay Hannah, President

Members of the Pemaquid Group of Artists (PGA) have exhibited artwork annually at the Pemaquid Art Gallery on the grounds of Pemaquid Lighthouse Park for the past 50 years. Having been established in 1929, it is among the oldest organizations of artists in the state.

During the 2010 season more than 10,000 visitors came to the gallery to view the art of our 27 permanent members as well as a season guest artist and an invited artist. A diversity of art consisting of oil, pastel, and watercolor paintings, in addition to ceramics and marquetry, were on display from the time of our well-attended Opening Reception of June 13 for patrons and the public, until closing on October 11. Admission is free for park visitors but donations are accepted. This year for the first time the town charged the PGA a fee of \$2,030.

The PGA is a Maine nonprofit organization. As well as providing a venue for qualified artists, who are juried for membership, to exhibit and sell their artwork, it supports area art education and events through financial donations. One of our goals is to enrich the art culture for area residents, children, and visitors. In keeping with this goal, both our "Meet the Artist Reception" held in early August and an outdoor sale in conjunction with Open Lighthouse Day in September, featured outside demonstration artists. We also gave small donations to area schools and Healthy Kids for their art education and have started to establish a Scholarship Fund ultimately to help a deserving Lincoln Academy art student. Again this year we supported a program that makes a pass available throughout the year for area families to visit the Portland Museum of Art. This is readily available to Bristol residents who secure a date in advance through Skidompha Library in Damariscotta.

We are especially grateful to our patron members. We have thrived on their continuing enthusiasm that has complemented that of our artist members, manager, and attendants. To let others know that we are a special little gallery in one of the loveliest parks on the Maine Coast we have recently established a website, pemaquidartgallery.com.

We currently have a board of 9 members. Its officers are Kay Hannah, President; Jan Kilburn, Vice President; Peggy Farrell, Secretary; Bobbie Applegate, Treasurer. ✱

Bristol School Committee

David Kolodin, Chairman

At the end of this present 2011 school year in June, our Superintendent of Schools, Robert Bouchard, will be ending his tenure of ten years with us here in Bristol. We, the citizens and taxpayers of our town have been the fortunate recipients of an extremely dedicated, articulate and professional educator in guiding our children in a most profound way. His leadership in the new Alternate Organization System, known as AOS 93, has given us a new 'alternate education' program for grades 6-8; more positive relations with Lincoln Academy that have been increasingly collegial; the school lunch program has become more local and fresh foods nutritious; and Bob Bouchard has been the energy and guiding light behind the newly formed AOS 93, an enormous task to be sure.

Amongst Robert Bouchard's extraordinary talents has been giving the Town of Bristol fiscally responsible and educationally sound operating budgets in this first decade of the 21st Century. His listening skills, caring attitude and sensitivity will be missed. We wish him continued success in his next venture, be it work or play! *

Miles Memorial Hospital

Scott T. Shott, VP Development & Community Relations

Throughout the years, and in spite of the many financial challenges facing small towns and municipalities in Maine, the Town of Bristol has been a steadfast supporter of Miles Memorial Hospital and its related organizations. Since 1989, the Bristol Budget Committee, and ultimately the people of the town, has voted to appropriate a total of \$105,000 in support of our organization and our mission to care for anyone who turns to us regardless of his or her ability to pay.

I want to thank you for all those years of generous support. Thanks to the people of Bristol, our Annual Fund has provided vital funding to replace equipment and support programs and services in our facilities. In recognition of your many fiscal challenges, Miles and Lincoln County Healthcare have decided to discontinue our agency requests and focus our fundraising efforts on individual donors, charitable foundations, and businesses.

From Oct. 1, 2009 through Sept. 30, 2010, there were 6,110 visits to Miles Memorial Hospital from 1,830 Bristol residents. For that same time period, Miles Memorial Hospital provided \$328,208* of care to Bristol residents for which there was no compensation. **This figure does not include payment shortfalls from government-sponsored programs such as Medicare & MaineCare.*

While we no longer plan to make regular charitable donation agency requests from the town, we hope the individual citizens of Bristol will recognize the services we provide and consider including our organization in their annual charitable giving. *

Bristol-South Bristol Transfer Facility

Shawn A. Dinsmore, Manager

The recycling effort for the year was down from 29.6% to 27.9%. The intake of household waste was up from 1,402 tons to 1,548 tons. The free dump load will continue, with a limit of 1,500 lbs. The Planet Aid box is going strong with 4.4 tons recycled last year.

Shawn, Raymond, Kurt and Blake wish to thank everyone for their recycling effort and continuing support. *

Bristol Parks & Recreation

Gordon Benner, Chairman • Jon LeVeen • Sandra Lane

An improving economy and a sunny summer combined to draw record crowds to Bristol's parks, and helped to generate strong revenues to sustain park programs.

The Commission now oversees nine town properties: Pemaquid Point Lighthouse Park, Pemaquid Beach, The Swimming Hole at Bristol Mills, the nearby Canoe and Kayak Launch, Hanna Landing, Town Landing, Moxie Cove Picnic Area, Pemaquid Falls Picnic Area and the Old Rock Schoolhouse. Entrance fees at the Lighthouse and Beach Park are the primary financial support for all park operations.

Commissioner Gordon Benner and his team kept the parks clean and well maintained. At Lighthouse Park, they installed iron posts to support the fence that encircles the light station; they completed installation of a six-foot safety fence on the park's eastern boundary; and they landscaped the area behind the Learning Center. At the Beach Park, they installed a new electric line, replaced windows at the snack bar and graded the parking area.

The maintenance crew also began work on an exciting new project: the creation of Ellingwood Park in Bristol Mills. Following the town's purchase of the property, the Commission began renovating the old garage into an Information Center. So far, they have installed a new roof, siding, windows and doors. When complete, the building will be staffed with volunteers and provide local information to visitors. The surrounding property will be joined to the existing Kayak Launch and become a picnic area.

In another change this year, the Commission agreed to a request from the Town Administrator to take over operation of Olde Bristol Days. The annual event, which features food and crafts vendors, a parade, fireworks and music was well attended and successful.

Once again, the Commission hosted several special events, including concerts by the Bath Municipal Band and the Pete Collins Jazz Band. They celebrated Open Lighthouse Day with music and food at Pemaquid Point. We welcomed several groups to the Learning Center, including the Quebec-Labrador Foundation's two-day Questing to Learn course. In October, we installed an audio/video system at the center and held our first "Family Movie Night." We also continued our partnership with the Pemaquid Watershed Association, offering environmental programs at Beachcomber's Rest Nature Center at Pemaquid Beach.

For 2011, plans are underway to complete work at Ellingwood Park and expand our outreach programs at the Learning Center. We have been working with officials at Colonial Pemaquid State Historic Site to expand Olde Bristol Days. In 2011, vendors and music will move to Pemaquid Beach. This will allow Colo-

nial Pemaquid room to expand historical exhibits and events over the Olde Bristol Daysweekend. The lobster boat races will still be held at Fort William Henry.

None of our efforts would have been possible without a dedicated staff, and the support of our town. We thank you, and invite you to attend a Commission meeting, held the first and third Tuesday of every month at 7 p.m. at the Bristol Town Hall. *

Superintendent of Schools

Robert G. Bouchard, Jr.

The students of Bristol Consolidated School continue to grow and develop under the support and guidance of our staff, our community and our parents. We continue to place literacy, numeric and good citizenship at the forefront of our programming. In addition to these areas of focus, we are able to provide an enriched program for all Kindergarten through eighth grade students in the areas of science, social studies, art, music and physical education. Our staff have been working collaboratively the past few years utilizing the Professional Learning Community framework to routinely discuss the progress of their students and develop strategies to best meet each student's learning needs. The work we have been doing is evident in the students' continued growth. Our students have shown progress in their performance on both local and state level assessments. They continue to meet the benchmarks for math and reading as required by the No Child Left Behind laws despite the fact that the targets increase each year. Our eighth grade science scores are among the top in the state!

Our students benefit from our strategic use of the instructional staff. In addition to regular classes taught by homeroom teachers for our K-4 students, they also receive regular guided reading and literacy support in a small group setting. This targeted approach to literacy instruction is proven to be more effective than whole class instruction and the growth Bristol's early elementary students have made as a result of this programming is wonderful. The junior high has implemented some new intervention models as well. Most of our students in grades 5-8 benefit from smaller class sizes during math classes to allow for targeted differentiation of the program to meet more individual student needs. We have been able to offer a separate Algebra class to eighth grade students the past 2 years, which better prepares them for high school classes.

The goals of education reach well beyond the 3-R's and Bristol Consolidated School continues to offer high-quality programming in the areas of art, music, physical education and athletics. A large majority of our junior high students participate in voluntary music groups and athletic teams. We field teams for girls and boys at the varsity and junior varsity level each year and often have a number of teams win the Busline League Championships. The music program accommodates students with interests in singing, concert band and handbell choir. Students with a passion in the visual arts can choose to participate in an additional art class to pursue this talent.

The community of Bristol should be proud of their youngest citizens for the efforts they have made the past year in the area of service learning. Students are encouraged to take on age-appropriate community service projects to learn how

to support the greater good in the home, school and neighborhoods. The Bristol School Community has spent a great deal of time learning about civil rights laws and tolerance and kindness will lead to more productive learning at school. Students in grades 3-8 have formed Civil Rights Teams this year and are meeting regularly to learn ways to help each other be safe at school.

As you can see, things are always busy at school. This energy fuels the love of learning in our staff and students every day. Thanks for supporting your youngest citizens as they develop into the future leaders of this community! *

Independent Auditors' Report

*William H. Brewer, Certified Public Accountant
858 Washington Street, P.O. Box 306
Bath, Maine 04530*

We have audited the accompanying general purpose financial statements of the Town of Bristol, as of and for the years ended December 31, 2010 and 2009, which collectively comprise the Town's basic financial statements as listed in the Table of Contents. These financial statements are the responsibility of the Town of Bristol's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Town of Bristol as of December 31, 2010 and 2009, and the respective changes in financial position and cash flows, for the years then ended in conformity with

accounting principles generally accepted in the United States of America.

The *Management's Discussion and Analysis* and budgetary comparison information on Schedule A-1, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Bristol's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the audit-

ing procedures applied in the audit of the basic financial statements and, ac-

ordingly, we express no opinion on them. * *January 20, 2011*

Management's Discussion & Analysis

Fiscal Year Ended December 31, 2010

The Municipal Officers of the Town of Bristol, Maine offer the readers of Bristol's financial statements this narrative overview and analysis of its financial activities for the fiscal year ended December 31, 2010. We encourage readers to consider the information presented in conjunction with additional information furnished in the basic financial statements and the accompanying notes to those financial statements.

The Financial Statements

The financial statements presented herein include all activities of the Town of Bristol, Maine using the integrated approach as prescribed by GASB (Governmental Accounting Standards Board) Statement No. 34. The government-wide financial statements present the financial picture of the Town using the accrual basis of accounting. They present governmental activities (functions that are principally supported by taxes and intergovernmental revenues) and business-type activities (functions that are intended to recover all or a significant portion of their costs through

user fees and charges) separately. These statements include all assets of the Town as well as all liabilities, including long-term debt.

The fund financial statements include statements for each of the three categories of activity: governmental, business-type and fiduciary. Notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Statement of Net Assets and Statement of Activities

The statement of net assets and statement of activities report information about the Town and its activities as a whole. Excluding infrastructure, these statements include all assets and liabilities of the Town using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the

Town's net assets and changes in them. Net assets are the difference between assets and liabilities, which is one way to measure the Town's financial health or financial position. Over time, increases and decreases in net assets are one indicator of whether the Town's financial health is improving or deteriorating. Other factors to consider are changes in the Town's property tax base and the condition of its infrastructure. In the statement of net assets and statement of activities, the Town's activities are separated as follows:

Governmental activities: Most of the Town's basic services are reported in this category, including public safety, public works, and general administrative services. Property taxes, excise taxes, user fees, interest income, franchise fees and State and Federal grants finance these activities.

Business-type activities: Parks and Recreation is considered a "business-type" activity. A fee is charged to customers to cover costs associated with admission to and use of Bristol's parks. Parks and Recreation is completely self-supporting through admissions, rental income and other user fees.

Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds, not the Town as a whole. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law or by grantor. In the Town of Bristol, these include

worthy poor funds, cemetery funds and a small fund set aside for maintenance of the Rock Schoolhouse. Management, however, establishes other funds to help it control and manage money for particular purposes. During fiscal year 2010 Bristol had six "capital reserve" accounts: the Highway Equipment Fund, the Fire Truck Fund, the Revaluation Fund, the Building Fund, the Computer Fund and the Parks Fund. A portion of the Revaluation Fund was used to purchase a parcel of land which will be used as a park.

Governmental Funds

Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the remaining balances at year end that are available for spending. These funds are reported using an accounting method called "modified accrual," which measures cash and all other financial assets that can be readily converted to cash. The governmental fund statements provide a detailed, shorter-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The Town's governmental funds consist of the following:

General Fund: The general operating fund of the Town used to account for all financial resources except those required to be accounted for in another fund.

Proprietary Funds: When the Town charges customers for services it pro-

vides (business-type activities), these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and Statement of Activities.

Fiduciary Funds: The Town's fiduciary funds are held in trust for the benefit of others. These funds are not included in the government-wide financial statements and cannot be used to support general government activities and operations.

Governmental Activities

The cost of all governmental activities in 2010 was \$7,370,855.83, a decrease of \$1,215,240.33 in comparison to 2009. Some of the costs were paid by those who directly benefited from the programs, or by other governments and organizations that subsidized certain programs with operating grants and contributions. The Town paid for the "public benefit" portion of governmental activities with property taxes and through additional sources such as excise tax, interest, State revenue sharing, cable television franchise fees and other miscellaneous revenues.

Town programs include education, general government, health and welfare, highways and bridges, protection, special assessments (County tax), and unclassified. Each program's net cost (total cost less revenues generated by the activities) is presented below. The net costs show the financial burden placed on the Town's taxpayers by each of the functions:

Governmental Activities	Net Cost 2010	Net Cost 2009	Net Cost 2008
Education	\$3,922,226.91	\$4,227,178.60	\$5,113,743.81
General Government	417,494.27	791,395.25	494,248.78
Health and Welfare	246,047.10	242,649.41	271,333.43
Highways and Bridges	917,318.13	968,320.18	1,056,400.00
Protection	406,041.02	881,134.76	230,618.97
County Tax	1,253,221.57	1,211,287.44	1,243,398.83
Unclassified	<u>208,506.83</u>	<u>264,130.52</u>	<u>283,772.20</u>
Total:	\$7,370,855.83	\$8,586,096.16	\$8,693,516.02

On December 31, 2010, Bristol's net assets for governmental activities totaled \$7,945,823.37. Net assets as of December 31, 2009 were \$7,614,486.12 and \$7,714,157.17 as of December 31, 2008. The result is an increase in net assets of \$331,337.25 during fiscal year 2010.

Business-Type Activities

The cost of the Town's only proprietary fund, Bristol Parks and Recreation, was \$247,551.26. The amount paid by users of the system was \$295,934.29, resulting in a net gain of \$48,383.03. Income will be used toward capital reserve funds for capital expenditures and maintenance of the Light Tower and to allow the Parks Department to begin the 2011 season without borrowing from the Town.

Budgets and Budgetary Accounting

The breakdown of actual expenditures for the year may be found in the Selectmen's Financial Report which is part of the 2010 Annual Report of the Town of Bristol. This could be compared with the proposed budget for 2011 to ascertain potential increases or decreases in individual budgetary items.

Administrative Notes

Bristol had four outstanding loans at the end of fiscal year 2010: School Renovations which matures in 2017, the Partridge Bridge which matures in 2017 and a Fire Truck which matures in 2012. Voters at the 2009 Town Meeting approved purchase of two fire trucks resulting in an additional loan which will mature in 2018. The following is a comparison of total long-term debt:

FY 2010	FY 2009	FY 2008
\$1,208,919.05	\$ 1,376,335.92	\$ 972,587.66

There was an increase in the County tax assessment as compared with fiscal year 2009.

FY 2010	FY 2009	FY 2008
\$ 1,253,221.57	\$ 1,211,287.44	\$ 1,243,398.83

There was a decrease in unappropriated surplus as compared with fiscal year 2009. This was due to a transfer from surplus to purchase land which will be used as an additional Town park.

FY 2010	FY 2009	FY 2008
\$ 751,429.25	\$ 867,479.19	\$647,150.25

The mill rate remained steady at 8.15 per \$1,000.00 of valuation for fiscal years 2008, 2009 and 2010.

Education accounted for approximately 61% of the tax commitment followed by the County tax assessment at 20% and the Municipal budget at 19%.

Bristol's financial position continues to be excellent. The Municipal Officers will continue to seek ways to lower the cost of providing essential services to Bristol's taxpayers while preparing for demands on infrastructure, increased cost of education, decreased State revenues, the County tax commitment and State and Federal mandates. *

Notes to Financial Statements

December 31, 2010

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The accounting policies of the Town of Bristol conform to generally accepted accounting principles as applicable to governmental units.

1. Financial Reporting Entity

The Town of Bristol was incorporated in 1765. The Town operates under a town meeting form of government.

In evaluating the Town of Bristol as a reporting entity, management has addressed all potential component units. The primary criteria for including a component reporting entity are the exercise of financial accountability by the Town of Bristol's municipal officials.

The Town's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is responsible for establishing Generally Accepted Accounting Principles (GAAP) for state and local governments through its pronouncements (Statements and Interpretations). Governments are also

required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP are used by the Town as discussed below.

In June 1999, the Governmental Accounting Standards Board (GASB) unanimously approved Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*. Certain significant changes in the Statement include the following:

1.) Financial statements now include:

- A Management's Discussion and Analysis (MD&A) section providing an analysis of the Town's overall financial position and results of operations.
- Financial statements prepared using full accrual accounting for all of the Town's activities, including infrastructure (roads, bridges, etc.).

2.) A change in the fund financial statements to focus on the major funds.

These and other changes are reflected in the accompanying financial statements (including notes to financial statements). The Town has elected to implement the provisions of the Statement in the year ended June 30, 2004.

2. Basic Financial Statements - Government-Wide Statements

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as governmental. The Town's fire protection, recreation, public works, and general administrative services are classified as governmental activities.

In the government-wide Statement of Net Assets, the governmental column is presented on a consolidated basis by column, and is reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net assets are reported in three parts - invested in capital assets, net of related debt; restricted net assets; and unrestricted net assets. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net cost of each of the Town's functions and business-type activities (fire, public works, administrative, etc.). The functions are also supported by general government revenues (property, certain intergovernmental revenues, fines, permits and charges, etc.). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (fire, public works, etc.). Operating grants include operating-specific and discretionary (either operating or capital) grants while the capital grants column reflects capital-specific grants.

The net costs (by function or business-type activity) are normally covered by general revenue (property, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net assets resulting from the current year's activities.

3. Basic Financial Statements - Fund Financial Statements

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The following fund types are used by the Town:

a. Governmental Funds:

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The following is a description of the governmental funds of the Town:

1. *General Fund*: General Fund is the general operating fund of the Town. It is used to account for all financial resources except those required to be accounted for in another fund.
2. *Fiduciary Funds*: Fiduciary Funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support Town programs. The reporting focus is on net assets and changes in net assets and is reported using accounting principles similar to proprietary funds.

The emphasis in fund financial statements is on the major funds in either the governmental or business-type activities categories. Nonmajor funds by category are summarized into a single column. GASB No. 34 sets forth minimum criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category) for the determination of major funds.

The Town's fiduciary funds are presented in the fiduciary fund financial statements. Since by definition these assets are being held for the benefit of a third party and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

3. *Proprietary Fund:* The Proprietary Fund is the fund used to account for all financial resources relating to the Parks and Recreation Department. The generally accepted accounting principles applicable are those similar to business in the private sector.

4. Basis of Accounting

Basis of accounting refers to the point at which revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied:

- a. Accrual

Governmental activities in the government-wide financial statements and fiduciary fund financial statements are presented on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

- b. Modified Accrual

The governmental funds financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Available" means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principal and interest on general obligation long-term debt, if any, is recognized when due.

5. Financial Statement Amounts

- a. Cash and Cash Equivalents:

The Town has defined cash and cash equivalents to include cash on hand, demand deposits, and cash with fiscal agents. Statutes authorize the Treasurer of the Town, as directed by the municipal officers, to invest all municipal funds, including reserve and trust funds, to the extent that the terms of the instrument, order, or article creating the fund do not prohibit the investment in financial institutions as described in Section 5706 MRSA and securities as described in Sections 5711 through 5717 MRSA.

- b. Capital Assets:

Capital assets purchased or acquired with an original cost of \$2,000.00 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful

life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings	20-50 Years
Machinery and Equipment	5-10 Years
Improvements	10-20 Years
Other Infrastructure	10-50 Years

c. Revenues:

Substantially, all governmental fund revenues are accrued. Property taxes are billed and collected within the same period in which the taxes are levied. In applying GASB No. 33 to grant revenues, the provider recognizes liabilities and expenses and the recipient recognizes receivables and revenue when the applicable eligibility requirements, including time requirements, are met. Resources transmitted before the eligibility requirements are met are reported as advances by the provider and deferred revenue by the recipient.

d. Expenditures:

Expenditures are recognized when the related fund liability is incurred.

e. Use of Estimates:

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

6. Total Columns

Total columns on the combined statements are captioned “Memorandum Only” to indicate that they are presented to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE B - CASH:

Cash

The Town’s cash is categorized to give an indication of the level of risk assumed by the Town at year end. These Categories are defined as follows:

Category 1: Insured or collateralized with securities held by the Town or by its agent in the Town’s name.

Category 2: Collateralized with securities held by the pledging financial institution's trust department or agent in the Town's name.

Category 3: Uncollateralized (This includes any bank balance that is collateralized with securities held by the pledging financial institution, or by its trust department or agent but not in the Town's name.)

NOTE E - GENERAL FUND BUDGET:

The town operates on a net budget as compared with a gross budget. All revenues are not estimated, but are credited to the particular operating account. Certain revenues are dedicated for particular purposes by vote of the townspeople at the annual town meeting or at special town meetings.

At the annual town meeting, held in March of each year, the townspeople vote on various articles on which amounts for appropriations have been recommended by the board of selectmen and/or the budget committee.

NOTE F - DESIGNATED FOR SUBSEQUENT YEARS' EXPENDITURES:

Historically, the townspeople vote to carry certain departmental unexpended balances forward to the following year for expenditure. This is usually in lieu of additional appropriations in any particular account.

General Government	\$ 64,667.42
Education	607,592.84
Highways and Bridges	74,659.59
Protection	5,966.75
Unclassified	13,313.99
	<u>\$ 766,200.59</u>

NOTE G - REVENUE RECOGNITION - PROPERTY TAXES:

The town's property tax for the current year was levied June 9, 2010 on the assessed value listed as of April 1, 2010 for all taxable real and personal property located in the Town. Taxes were due September 15, 2010 with interest at 7% per annum or part thereof commencing September 16, 2010.

Tax liens are filed against delinquent real estate taxpayers after eight months but within one year of the original tax commitment. If the tax, interest, and costs have not been paid eighteen months after the filing of a lien certificate then the lien is automatically foreclosed.

The National Council on Governmental Accounting (N.C.G.A.) Interpretation No. 3 requires that property tax revenue be recognized only to the extent it will be collected within sixty days following the year end. The deferred tax revenue shown on the balance sheet represents property taxes not expected to be collected within sixty days after the year end.

Property taxes are recognized when they become available. Available includes those taxes expected to be collected within sixty days after year end as stated above.

NOTE H - RETIREMENT PLAN:

Public school teachers contribute to the Maine State Retirement System ("System"), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for public school teachers, state employees (except as members of the judiciary and legislature who are covered under the Judicial and Legislative Retirement Systems) and political subdivisions. All public school teachers participate in the Maine State Retirement System and, if vested with ten years of service prior to July 1993, are eligible for normal retirement upon attaining the age of sixty and after completing twenty-five or more years of creditable service. Vested participants are entitled to a retirement benefit equal to a fraction of the average final compensation multiplied by the years of membership service (discounted for early retirement). The System also provides death, disability, and health insurance benefits. These benefit provisions and all other requirements are established by state statute.

Teachers are required to contribute a portion of their annual salary to the System. The State of Maine contributes the remaining amounts necessary to fund the System, using the actuarial basis specified by statute. The covered payroll for teachers is approximately \$1,429,000.00. As required by Accounting Standards, the amounts paid on behalf of the School Department by the State of Maine has been recorded as an intergovernmental revenue and an expenditure which amounted to \$268,000.00. Information concerning pension benefit obligation for public teachers is available from the Maine State Retirement System.

NOTE K - RISK MANAGEMENT:

The town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. All significant losses are covered by commercial insurance. There has been no significant reduction in insurance coverage. Settlement amounts have not exceeded insurance coverage for the current year or the three prior years.

NOTE L - INTEREST COST INCURRED:

During the current year the town incurred interest costs totaling \$33,207.76 which was charged as an expense to various accounts.

NOTE M - OVERLAPPING DEBT:

The Town of Bristol is situated in Lincoln County and is therefore subject to annual assessment of its proportional share of county expenses. Long-term debt outstanding in Lincoln County for which the Town of Bristol would be proportionally responsible in the event the county defaulted, is approximately \$9,625.00.00 at December 31, 2010. The Town of Bristol's share would be 14.55% of the debt, or \$1,400,800.00.

NOTE N - EXPENDITURES IN EXCESS OF APPROPRIATIONS:

During the year expenditures exceeded total appropriations in the following general fund categories:

	<u>Appropriation and Revenue</u>	<u>Expenditures</u>	<u>Variance</u>
Marsh Island Tax	388.35	416.83	(28.48)

NOTE O - JOINT VENTURE:

The towns of Bristol and South Bristol have entered into an Interlocal Agreement to provide for solid waste disposal facilities for the two communities. The joint venture is administered by a joint board composed of the Board of Selectmen from each Town. All costs and revenues are shared in the ratio of 60% - Bristol, 40% - South Bristol.

The following is a summary of the joint venture financial statements for:

	<u>Total</u>	<u>Bristol's Share</u>
Total Assets	\$ 161,653.32	\$ 96,991.99
Total Liabilities	3,157.25	1,894.35
Total Fund Balance	<u>\$ 158,496.07</u>	<u>\$ 95,097.64</u>
Total Revenues	\$ 433,983.40	\$ 260,390.04
Total Expenditures	443,397.89	266,038.73
Excess of Expenditures Over Revenues	<u>\$ (9,414.49)</u>	<u>\$ (5,648.69)</u>

Bristol's assessments paid to the joint venture in 2010 totaled \$189,270.00 and are recorded as expenditures.

NOTE P - DEFERRED REVENUE:

Deferred Revenue consists of the following:

Prepaid 2011 Taxes	\$ 3,404.19
Excess of State Revenue Share's Receipts over the amount used to reduce the 2010 Tax Commitment	11,809.12
	<u>\$ 15,213.31</u>

NOTE Q - SUBSEQUENT EVENT:

Management has made an evaluation of subsequent events to and including the audit report date, which was the date the financial statements were available to be issued, and determined that any subsequent events that would require recognition or disclosure have been considered in the preparation of the financial statements.

Selectmen's Report & Financials

Robert Tibbetts, Chairman • Chad Hanna • Paul Yates

In 2010 the economy continued to affect government at all levels. The revenues from the state will be felt in both the general and school budgets. The construction of new buildings was at the same level as 2009. The downward trend of property values has slowed somewhat, and an anticipated drop in excise taxes in 2010 did not happen. The budgets for the town, school and county were essentially flat for the year. The state's valuation of the Town of Bristol is still the highest in Lincoln County. The yearly audit showed that the town is in very good financial condition.

Some major road upgrades were completed in 2010: Poor Farm Road, Upper Round Pond Road, Northern Point Road and Pemaquid Trail.

The Ellingwood property in Bristol Mills was purchased in 2010 and is in the process of being turned into a park for public use. The small building that remains is being renovated and will be used as an information center and will also have a kiosk available for area businesses. Parking will be expanded, and there will be picnic tables throughout the park. The work should be completed in early 2011, with a public dedication of Ellingwood Park to follow.

This year's Town Report is dedicated to the late Richard Alden, a former Selectman of Bristol. *

ARTICLES 42 THROUGH 44 RAISE FUNDS FOR THE PROPOSED SCHOOL BUDGET

School Budget Funding Explanation

Article 42 Required Local (EPS) Raise Amount \$3,057,685.00
 Article 43 & 44 Additional Local Raise Amount 480,392.00
 Total Local Funds Raised 3,538,077.00
 Fund Balance Forward Estimate 421,583.00
 Federal Jobs Bill 49,745.00
 State Subsidy Estimate 167,530.00
 Total School Budget Request \$ 4,176,936.00

Art. 42 To see what sum the Town will appropriate for the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act (**School Committee Recommends \$3,057,685.00**) and to see what sum the Town will raise as the Town’s contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act in accordance with the Maine Revised Statutes, Title 20-A, section 15688.

School Committee Recommends \$2,890.155.00

Explanation: The Town’s contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act is the amount of money determined by State law to be the minimum amount that a municipality must raise in order to receive the full amount of State dollars.

Art. 43 **(Written ballot required)** To see what sum the Town will raise and appropriate in additional local funds (**Recommend \$470,789.00**) which exceeds the State's Essential Programs and Services allocation model by **\$399,010.00** as required to fund the budget recommended by the School Committee.

The school committee recommends **\$470,789.00** for additional local funds and gives the following reasons for exceeding the State's Essential Programs and Services funding model by **\$399,010.00**:

Statutorily required amounts for secondary tuition, as well as special education, facilities maintenance, and transportation costs, exceed the State's EPS funding model.

Explanation: The additional local funds are those locally raised funds over and above the Town's local contribution to the total cost of funding public education from kindergarten to grade 12 as described in the Essential Programs and Services Funding Act and local amounts raised for the annual payment on non-state funded debt service that will help achieve the Town budget for educational programs.

ARTICLE 44 RAISES MONEY FOR THE FOOD SERVICE PROGRAM

Art. 44 To see what sum the Town will raise in support of the food service program.

School Committee recommends 9,603.00

Art. 45 To see if the Town will appropriate \$20,000.00 from the 2010-2011 school budget and \$50,000.00 from the 2011-2012 school budget to establish a reserve for boiler and related controls replacement for the Bristol Consolidated School.

Selectmen recommend Yes

Art. 46 To see if the Town will vote to accept nominations and elect from the floor six (6) members to the Budget Committee for 2011-2012, and authorize an additional six (6) members to be named by the Moderator.

Art. 47 To see if the Town will vote to set the interest rate to be paid by the Town on abated taxes at 4.00% for 2011.

Art. 48 To see if the Town will fix a date when taxes shall be due and payable and to see if the Town will fix a rate of interest to be charged on taxes unpaid from and after that date.

Selectmen recommend September 15 at 7.00%

Art. 49 To see if the Town will authorize the Selectmen to acquire title on the properties upon which the taxes have not been paid in accordance with the provision of Chapter 81, section 98 Public Laws of Maine.

Art. 50 To see if the Town will authorize the Selectmen to sell all surplus town owned personal property and tax acquired property on such terms as they deem advisable, except that the Selectmen may sell tax acquired property to the former registered owner at private sale.

The Registrar of Voters' office will be open at the Bristol Town House and place of voting on Monday, March 14, 2011 for the purpose of correcting the voter list and to accept new enrollments and on Tuesday, March 15, 2011 at the Bristol Consolidated School from 6:30 P.M.until Closing.

Given under our hands this Second day of March A.D. 2011.
