- Updates:**
- Veterans Day breakfast – the group discussed the Veterans Day celebration and agreed that it was a success. Photos from that morning were shared with the group.
 - DEP permit – Lara reported that Chris Hall authorized Peter Anderson to apply for permits on behalf of the Town. Andrea reported that Peter has said that we should have the DEP reports in time to start the project in the spring.
 - Sign – CMP took out the telephone pole that had the Veterans Memorial Sign but they moved the sign to the existing pole which was very much appreciated.
 - Grants – Lara reported on four different grants that could be applied for. The group needs to come up with a budget before applications can be submitted.
 - Veterans List – Ken reported that he has about 780 people on the list he is developing but believes he has about 100 more to add. He is including people that may be buried in South Bristol and the group agreed that was fine.
- Next Steps:**
- Andrea will talk with Peter Anderson about when the permit can be expected and get some budget info.
 - The group will try to come up with a budget at the next meeting so grants can be pursued.
 - Lara will post the next meeting online and will also ask Chris to attend.
 - Thank you cards!
- Next Meeting:** 1/8/2020
